

RELOCATE YOUR PRODUCTION CELLS TO FARGOS INDUSTRIAL

We are the leading company in specialized manufacturing, IMMEX warehousing and sequencing services in Central Mexico. Our history started in 2001, supplying JIT to the home appliance industry in San Luis Potosí. In 2004, we entered the automotive sector offering advanced solutions to international suppliers for leading companies established in Mexico, such as Robert Bosch, Firestone Industrial, Valeo, Magna, and Faurecia, among many others.

Our greatest commitment is to ensure your operational and commercial success in Mexico. We do this by providing you with a visible, flexible, profitable, and secure supply chain.

By anticipating any potential risks, we can provide you and your customers with quality, unhindered support at all times. As a result, we keep your productivity goals under control while giving the maximum added value to your customer in Mexico in a safe manner.

Fargos Industrial is your most important competitive advantage with which you will be able to expand your business lines and increase your participation in the Mexican market.

While our production services include cutting, tooling, and sub-assembly, we are always conscious of the costs of relocation, and we strive to reduce your costs while increasing sales. We also offer various support solutions, including staffing, payroll, maintenance, ISO certifications, KPIS / reporting, and a premium level of customer service.

ADDED VALUE SERVICES

IMPORTATION

WAREHOUSING

SEQUENCING

While Fargos Industrial is known globally for our premium production services in Mexico, we take pride in our ability to provide our clients with a full spectrum of added value services, including Importation, Warehousing, and Sequencing.

IMPORTATION

Our goal is to ensure the correct transfer of produced value in your facilities into your final customer's point of use in Mexico. We have vast experience innovating strategies to overcome the significant challenges of the automotive industry, connecting the supplier's point of origin into the final customer's point of use. Our team will provide you with supply chain solutions, professional custom brokers, and experienced carriers.

WAREHOUSING

At Fargos Industrial, we offer short, medium, and long-term storage solutions to fit any of our client's needs. In addition, an IMMEX certified, bonded partner provides you with the peace of mind you require when choosing a partner to manage your merchandise.

SEQUENCING

We are the perfect partner for all of your logistics and sequencing needs, with perpetual monitoring, flexible auto fulfillment, internal logistics, and an outstanding customer service track record. Our reaction protocols ensure that your shipments are taken care of 24/7/365.
