“Because relationships are key to a successful business”

We are focused on demand creation by developing and leveraging strong relationships with our customers and principals that provide the perfect insight about their needs, establishing strong partnerships to achieve mutual economic growth.

We are the proud representative in Mexico of

Batteries and Battery Packs

LiFePO₄ Battery **Rechargeable**

■ APPLICATIONS

▶ Light electric vehicle

E-bike, Golf car, Minitype panel scooter, Forklift, Cleaning vehicle, Electric-wheel chair.

▶ Energy Storage equipment for solar energy and wind power.

▶ Electric tools

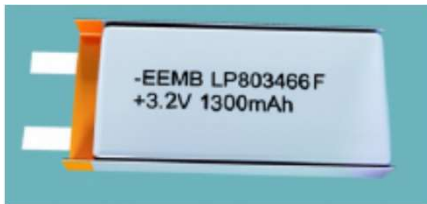

Electric drill, Electric saw, Electric lawn mower, UPS, emergency lamp,
Caution light and miner's light(Best safety)

▶ Electric vehicles

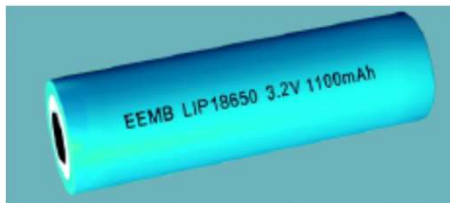

EV bus, EV car, Tourist bus and hybrid vehicle.

Examples of Lithium Iron Phosphate Batteries

Single cell – custom applications

Cylindrical cell – power tools, toys, flashlights, etc.

Electric Vehicle module, backup power, inverters, etc.

Custom battery packs – Scooters & E-Bikes, backup power, inverters, etc.

Li-Polymer Battery Rechargeable

■ APPLICATIONS

- ▼ R/C Flying Models, Racing Car
- ▼ Portable DVD, MP3, MP4
- ▼ Bluetooth, Wireless Devices
- ▼ GPS
- ▼ PDA, Digital Camera
- ▼ Electric Bicycle, Power Tools

Examples of Li-Polymer Batteries

Li-ion Cylindrical Battery **Rechargeable**

■ **APPLICATIONS**

Notebook

Handy terminal

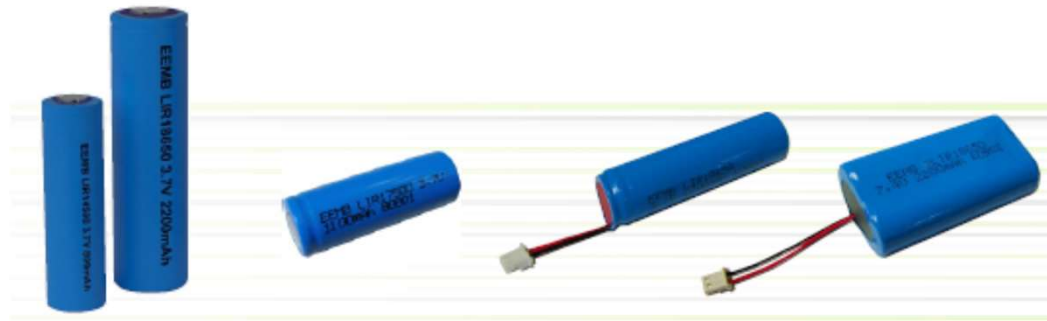

Camcorder

PDA

Examples of Li-Ion Cylindrical Batteries

Other Battery types available (non rechargeable)

Li-SOCl₂ Battery

Li-SO₂ Battery

Li-MnO₂ Cylindrical Battery

Li-MnO₂ Button Battery

Thank you!
