

Industrial sectors with development potential

-  Automotive
-  Electric-Electronic
-  Chemical-Petrochemical
-  Aerospace
-  Medical
-  Energy
-  Agribusiness

Multimodal transport system

Integral connectivity which links production and distribution systems

-  Highways **8,745 mi**
14,075 km
-  Railways **582.2 mi**
937 km
-  International Airports **5**
-  Sea Ports **2**
-  Sea Port (Under development) **1**
-  International Border Crossings **18**
-  Industrial Parks **47**

Why invest in Tamaulipas?

-  Strategic location
-  Solid infrastructure and connectivity with competitive advantages in logistics
-  3 sea ports and 18 international crossings in the border with the USA
-  Diversified economy with competitive productive sectors
-  Development of energy infrastructure (gas pipelines, pump stations, terminals, cryogenic plants)
-  Competitive and productive human capital
