The background of the slide features a hand-drawn line graph on a grid. The graph starts at the bottom left and trends upwards with some fluctuations, ending in an arrowhead pointing towards the top right. To the right of the graph is a vertical sidebar containing several business-related icons: a group of three people, a single person with a briefcase, a bar chart, a network diagram with three computer monitors, and a set of interlocking gears. Text labels are placed next to some of these icons, including 'Manufacturing', 'Supply chain', 'Product', 'Cargo', 'Customer', 'Delivery', 'Inventory', 'Management', 'Freight', 'Innovation', 'Branding', 'Solution', 'Marketing', 'Analysis', 'Success', and 'Management'.
