

Aerospace precision machining expertise

Complex components	Safety	Traceability	Project Management	Operational Reliability
--------------------	--------	--------------	--------------------	-------------------------

Cd. Obregón, Sonora, México

- 10 years
- 60 CNC machines
- 185 employees
- AS9100

Dole, France

- 25 years
- 80 CNC machines
- 150 employees
- EN9100

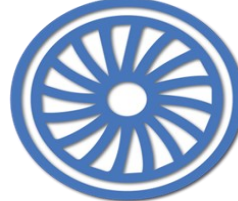

Power

Electrical connectors
Power components

Cabin

Seats components

Engine

Connectors
Hydraulic components

Fluid equipments

Connectors
Hydraulic components
Actuator components
Fuel Components

Milling | Turning | Screw-cutting | Laser Marking | Tribofinishing | Sand blasting

Materials: Aluminum, Stainless steel, Plastics, Copper alloys, etc.
Dimensions: Ø 1 -40 mm, [] 450 mm max.
