

CLAYENS
A World of Opportunities

ABOUT US

1931

Creation
of NIEF PLASTIC based in France

2007

Acquisition of NIEF
Plastic by SINTEX Ltd

2019

News shareholders
SIPAREX, BNP Paribas Développement,
CARVEST et Africinvest.

2020

SINTEX NP become **CLAYENS NP**

2021

Acquisition of PSB Industries
Group's HEALTH & INDUSTRIES division

2022

New American shareholder
One Equity Partners

2023

Acquisition in North America
Crystal Lake / MW Industries / Parkway / MGS facilities

OUR Business Lines

A WIDE RANGE

Specialized in processing of high-performance polymers, composites and precision metal parts

THERMOPLASTIC

European leader in
high-performance
polymers transformation

From 15t to 1 600t

- Injection
- 2K Molding
- Overmolding (Metal & Composite Inserts)
- CFRP Stamping

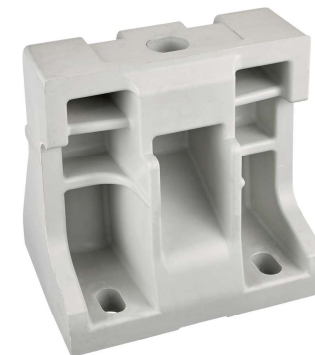

THERMOSET

European
thermoset leader

From 40t to 1 000t

- Injection
- Compression

METALLOPLASTIC

One of the European
metalloplastic leaders

Overmolding

- Metal
- Plastic
- Composite

METAL ENGINEERING

Leading European player
with a unique positioning
thanks to multiple slide
machines

Stamping

from 40t to 125t

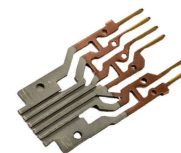

Sliding

25 Machines

Spring

55 Machines

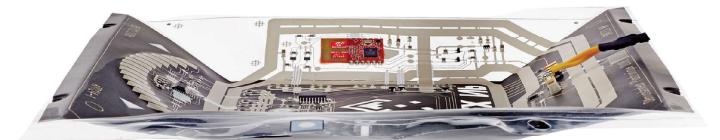

Thixomolding

ELECTRONICS

Dedicated to

- Circuit Board (PCB A)
- Harness
- Plastronics

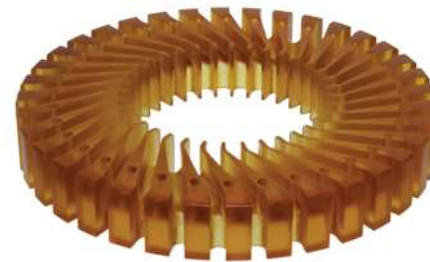

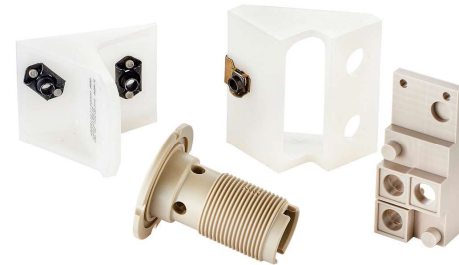

MACHINING

Strategic positioning on small series runs development

Machining

- Plastics
- Aluminium
- Carbon
- Composite

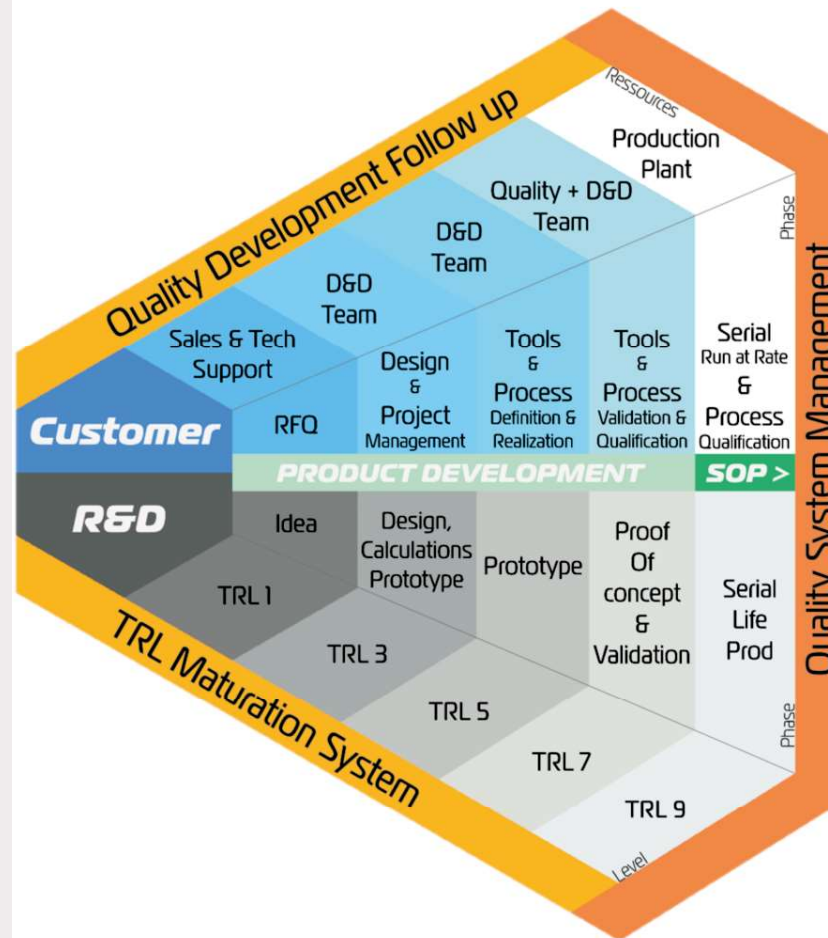

Additive manufacturing

Development process Team & Work Phasing

150
R&D workforce

4
Engineering Centers
& Technology Leaders

From
Idea to
realization

R&D dept

Composite / Hybride
Plastronics / Smart Plastics
Healthcare / Medical Devices

A Integrated lab

Mechanical and physico-chemical tests

Tests and expertise on thermoplastic and thermoset materials

Electronics Test Equipment

Particule analysis system

 **Nadcap**SM
Administered by PRI

ACCREDITED

NDT

Penetrant Inspection

Ultrasonic Testing

COSAC – COFREND certified technicians

CLAYENS 

NOT JUST WORDS

We are
COMMITTED

to reduce our carbon footprint processing

Committed to sustainable growth

through strong ESG policy

SCIENCE
BASED
TARGETS

DRIVING AMBITIOUS CORPORATE CLIMATE ACTION

We are
APPROVED

Several Quality certification
