

TECNOLOGIA

HERGO

**METAL
MECHANICAL
COMPANY**

**CNC
Machining**

Stamping

Prototypes

**Plastic
Injection**

**Dies &
Fixtures**

**Located in
Toluca State of Mexico**

**CNC
Machining**

**9 HAAS CNC Lathes Live tool
2 Quicktech multitask lathes
7 CNC Vertical mills (4th axis)**

Al

Cu

Steel

SST

Stamping

**10 Stamping presses
from 25 to 120 ton**

Prototypes

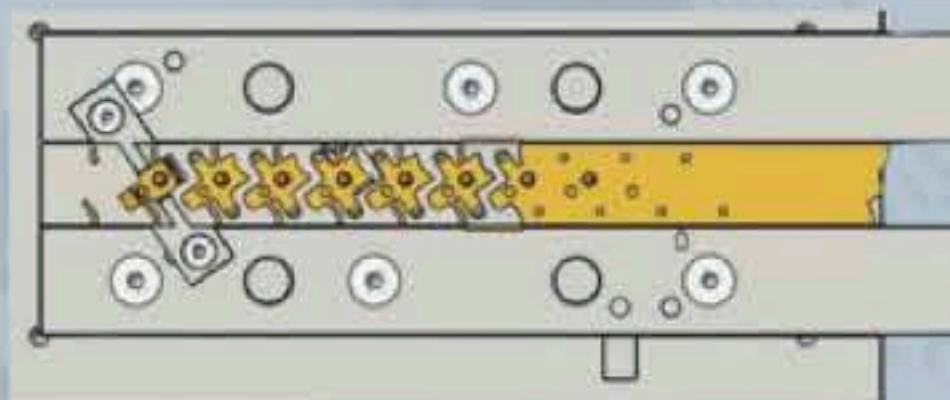

**3D print Filament & Resin
Machined prototypes
Reverse engineering**

**Capacity
160 ton**

**Plastic
Injection**

**Polyamide
Polypropylene
LDPE
EPDM**

**Dies &
Fixtures**

Toolroom

Our toolroom take care of the manufacture and maintenance of all our tools and fixtures.

- CNC Mill
- EDM
- WireEDM
- Grinding areas
- Heat treating furnace

Design & Engineering

Our team design all tools manufactured in Tecnologia Hergo using CAD CAM software

Quality

In compliance with IATF 16949:2016
(in process of certification)

Metrology

Lab equipped with state-of-the-art measurement instruments
