SERVICE IS OUR PASSION

We are the leading company in Mexico in the commercialization of CNC machines and tools

+ 18,000 machines sold & installed

32 years of experience support us

+150 machines in stock for immediate delivery

Superior Technical Service

+100 Manufacturer-Certified Engineers

24/7 telephone assistance

Technical service with nationwide coverage

+60 service vehicles with spare parts, consumables and tools nationwide

+ 4 MIO USD in stock of spare parts and consumables

The best preventive and corrective maintenance plans to keep your machine running smoothly

Applications

+25 Application Engineers

Turnkey, we turn your project into reality

More than 7K m2 in 5 Showrooms for in stock machines

We give the best protection for your investment

Insurance plan for your machine, covering even collisions of your operations

HI-PROTECT of MCTEK Solutions against transient surges and electrical noise (surge suppressors)

Unique financing plans

Hi-Fin Solution, our own financing & leasing service with repose in **48 hours**

We are the only distributor that creates its own financing plans tailored to your needs

Endorsed by **\$80 million USD** in financing

THE BEST PRE AND POST SALES SERVICE IN THE INDUSTRY

WHO ARE WE?

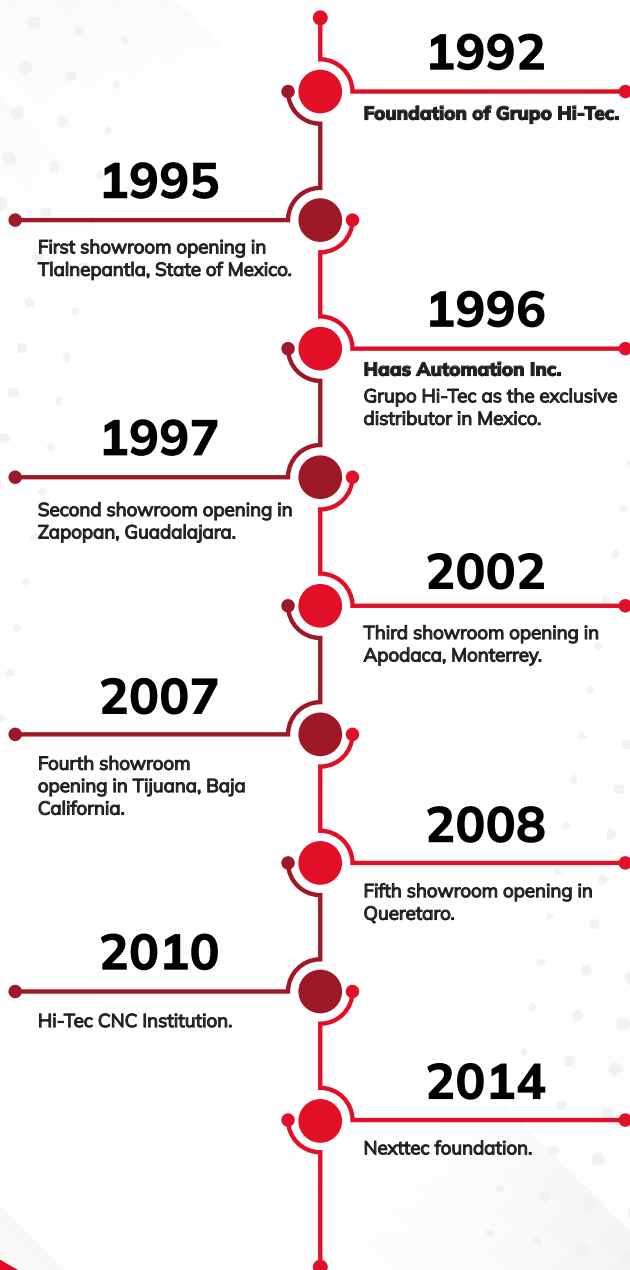

We represent the worldwide leading manufacturers in the industry in order to offer an extensive line of products and innovative solutions to cover needs and requirements of our customers, in the areas of metal cutting, sheet metal transformation, EDM, molding injection, as well as the commercialization of tools and consumables; making us the first comprehensive option, always seeking to be a business partner and help our customers to make their dreams come true.

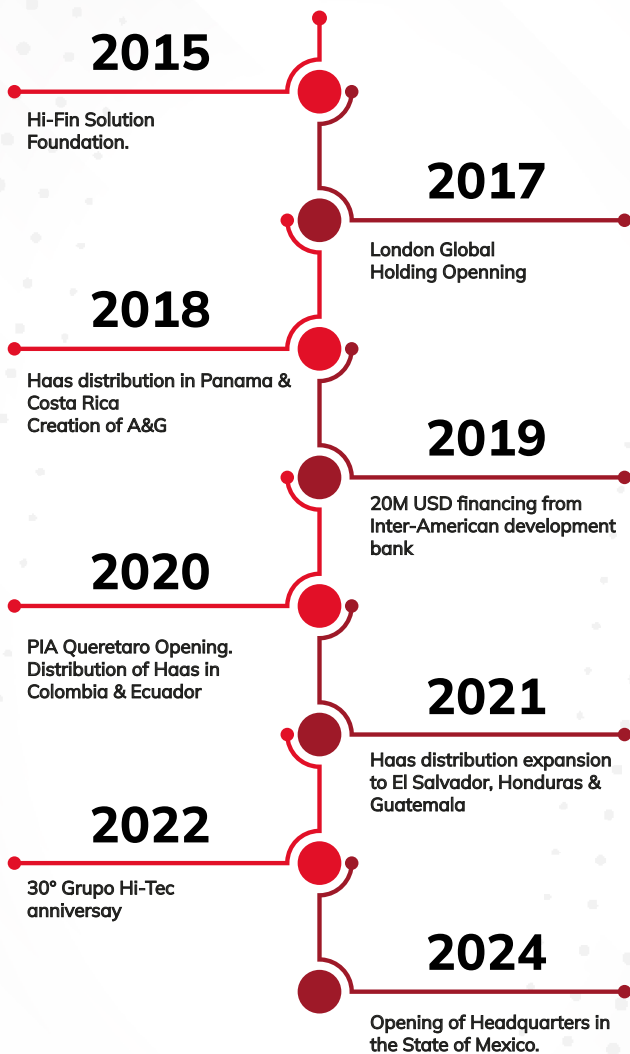

Awards and Certifications

Haas
F1 Team
OFFICIAL MACHINE TOOL

Haas Automation Inc. is a U.S. manufacturer of high-quality CNC machinery. Its products offer high accuracy, repeatability and durability with a competitive price, so that our customers get the best value for their investment in machines and tools.

Haas Automation developed the Haas Factory Outlet (HFO) network, the most advanced distribution chain in the industry, dedicated exclusively to the sale and service of Haas products under the same quality standards.

In 1996 Hi-Tec Group became the exclusive distributor in Mexico. We currently have offices in the State of Mexico, Queretaro, Tijuana and Monterrey. In 2018, the company began to be represented in Colombia, Ecuador and Central America (Costa Rica, El Salvador, Guatemala, Honduras, Nicaragua, Panama).

**More than 15,000 machines installed in Mexico
and more than 1,000 in Central America,
Ecuador and Colombia.**

CHIP REMOVAL. HIGH PRODUCTION AND HIGH PRECISION

For jobs that require a high level of demand such as: precision, speed, high quality and higher volume we have CNC machines and their technical service.

Nakamura-Tome

- CNC LATHES WITH 1, 2 AND UP TO 3 TURRETS
- MULTI-TASKING LATHES WITH DOUBLE SPINDLES
 - MACHINES FROM 7 AXES
- MULTITASKING MACHINES WITH ATC

CITIZEN

- SWISS SLIDING HEAD LATHE

KITAMURA®

- DOUBLE-COLUMN MACHINING CENTERS
 - VERTICAL AND HORIZONTAL MACHINING CENTERS
- 5-AXIS VERTICAL AND HORIZONTAL MACHINING CENTERS

SHEET METAL TRANSFORMATION AND EDM

For sheet transformation and EDM, we have a wide range of solutions for different sectors.

EDM

At Electrical Discharge Machining we focus on EDM machines that enable die making, general tooling, injection molds, and more.

- EDM WIRE CUTTING
- DIE-SINKING EDM
- EDM DRILLS
- HIGH-SPEED MACHINING CENTERS FOR GRAPHITE MACHINING

- HYDRAULIC SHEARS & PUNCHING MACHINES

ADH
MACHINE
TOOL

- HYDRAULIC, SERVO-ELECTRIC, HYBRID PRESS BRAKES AND PLASMA CUTTING

DENER
GROUP

- DEBURRING AND GRADING MACHINES

TFON
MACHINE

- TYPE C AND H MECHANICAL PRESSES

YADON
Powered by Schuler

- LASER MARKER

BEAMER
Laser Marking Systems

- SHEET METAL FEEDERS

SECC
FEEDER

- TUBE BENDING MACHINES

SOCO

- FIBER LASER CUTTING

SENFENG

INJECTION MOLDING MACHINES

▶ Yizumi has more than 50,000 machines installed and operating worldwide.

● INJECTION MOLDING MACHINES

● INJECTION MOLDING MACHINES FOR SPECIFIC APPLICATIONS

● RUBBER INJECTION MACHINES

● OPTIONAL

Omnitec stands for innovation in CNC technology. The great versatility of products is its main distinguishing, the more than 100 models we have allow us to offer a specialized solution for jobs that require a high degree of demand.

Omnitec recognized Mexico's industry needs, offering large solutions, specific and customizable requirements, as well as unconventional equipment within the industry.

FROM THE GREAT TO THE EXTRAORDINARY

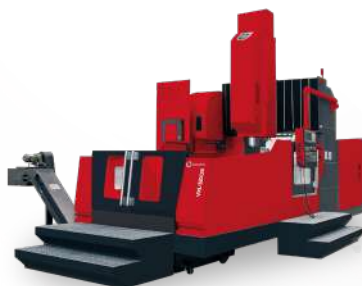

• VERTICAL LATHERS

• BORING MACHINES

• DOUBLE-COLUMN MACHINING CENTERS

TOOLS & CONSUMABLES

We have a wide variety of tools, consumables, and accessories for CNC machines.

► Everything you need to keep your production going

OUR CUSTOMERS, OUR REASON FOR EXISTANCE

Ing. Arturo Castillo Butrón

General Manager of Tecnoplasticos

"Grupo Hi tec became a very important part strategically, because its machines are very good and of high quality."

Ing. Gilberto Tamez

General manager of

MITSA maquinados industriales Tamez

"in 2014 we bought our first machine from Grupo Hi-Tec and we fell in love with everything, the machines, the service and having a reliable supplier/partner that helps you from the beginning of your projects, takes you by the hand and you feel the support.."

Ing. Isidro Peñaflor

Production manager of Truemed Group

"Grupo Hi tec has supported us in a professional manner; with the support of their service technicians, their tools and their training, they have become a great support."

Ernesto de Luna

Director of Aluminios de Precisión

"Grupo Hi tec has always shown immediate support and back-up in a time-critical market
