

GERGONNE

The Adhesive Solution

INTRODUCTORY PRESENTATION

One partner, many possibilities

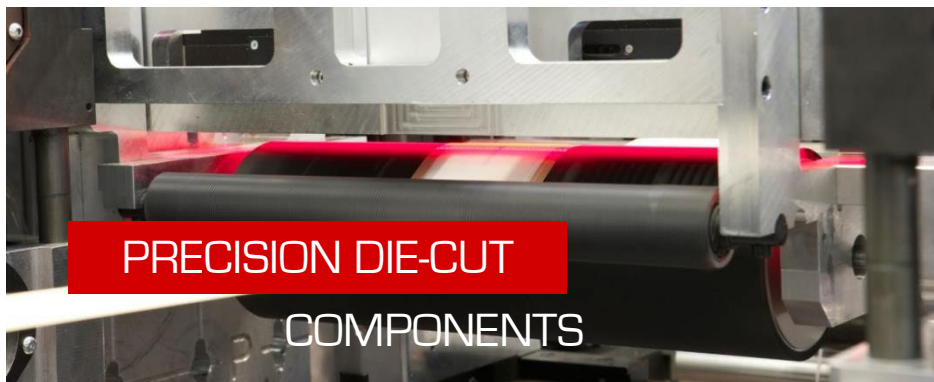

»» A 100% French family-owned company created in 1962 and now located on 4 continents

Our core business: the self-adhesive solutions

»» Manufacturer and converter of industrial adhesive tapes

60 years of know-how

»» Expert in design and manufacture of advanced die-cut parts

-- OUR 4 MARKETS --

Automotive & Transport

Industry

Construction

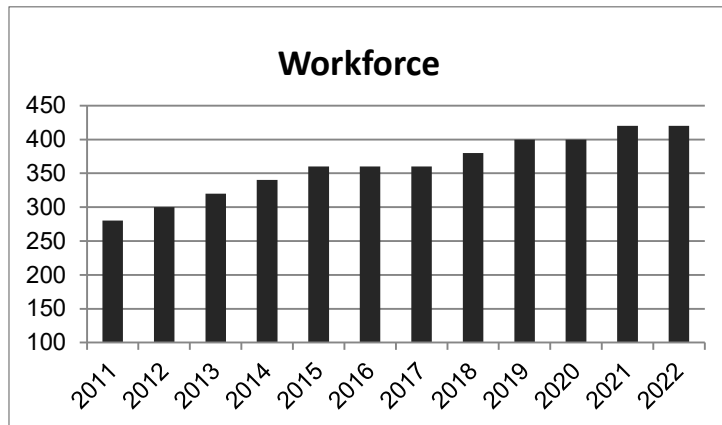

Healthcare

-- KEY FIGURES --

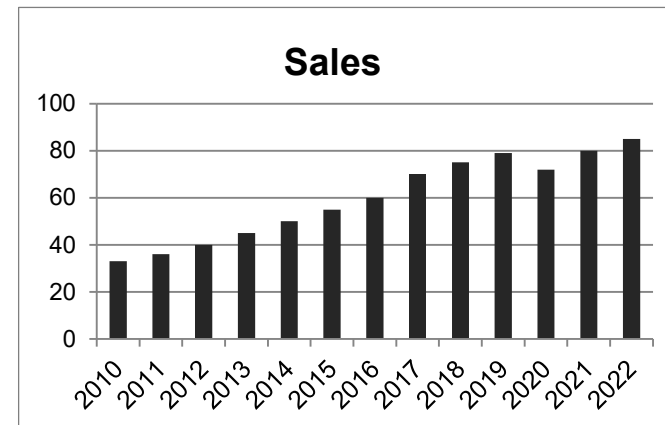

WORKFORCE

420  - (Export: 65 %)

SALES

85 M€ - (Export: 75 %)

INVESTMENT RATE

20% / YEAR

» 40 M€ invested in our production facilities over the last 3 years

DEBT RATIO

0%

» A robust and sustainable partner with a strategy based on an industrial (and not financial) approach

INDUSTRIAL ADHESIVE TAPES

➤➤ First French manufacturer of technical adhesive tapes

➤➤ Export TO: 60 %

Know-How

R&D

Formulation

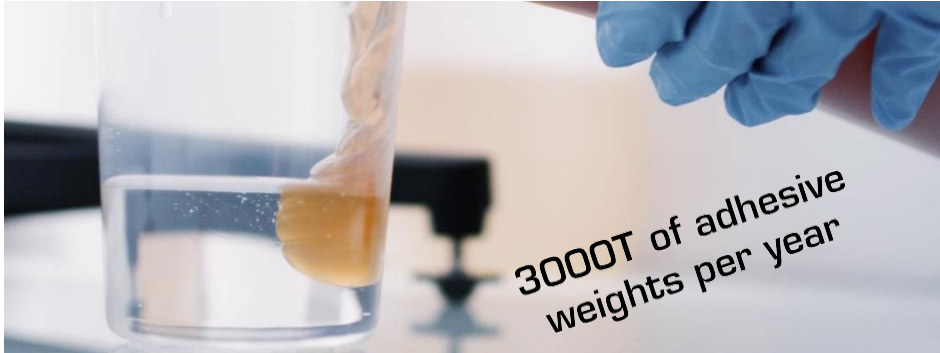

Coating

Slitting & rewinding

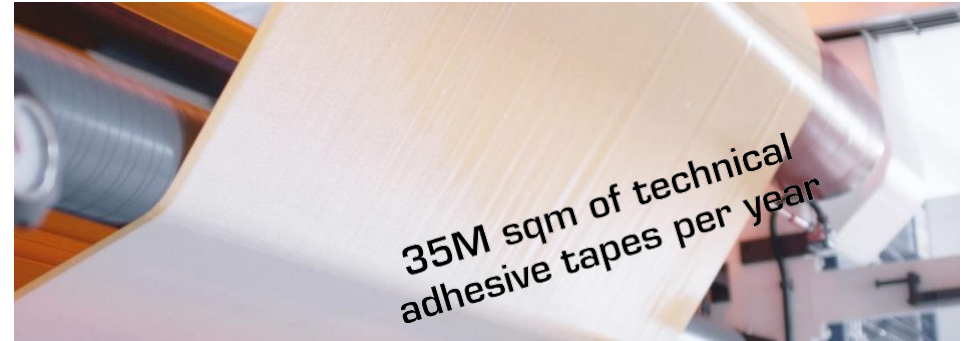

-- OUR SPECIALITIES --

3000T of adhesive weights per year

Mastery of our formulations:

Water-based acrylic glue, Solvent-based acrylic glue, Synthetic rubber, Silicone, Polyurethane

35M sqm of technical adhesive tapes per year

Coating up to 2250mm width on different carriers:

Without carrier (transfer), Grid, Non-woven, Film, Foam, Cloth and Customer Material (customized coating)

Slitting and rewinding from 3mm (spooling etc.)

Coating & slitting and rewinding possible in clean room ISO-8

Packaging: products ready for sale under the customer's brand name (construction and DIY markets)

DIE-CUT COMPONENTS

- A global presence: 5 production sites
- Multi-materials, multi-technologies, advanced processes: an endless number of possibilities

Know-How

Development

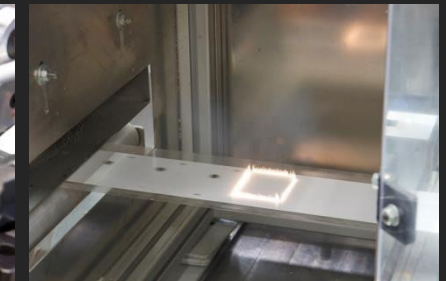

Laminating

Flatbed die-cutting

Rotary die-cutting

Laser die-cutting

-- OUR SPECIALITIES --

Lamination:

Laminate different raw materials to meet multiple functions and applications

Die-cutting:

- One of the largest machine parks in Europe
- Machines designed and manufactured in-house
- Die-cutting possible in clean room ISO-8
- 98% of our production based on customer drawings

750M parts produced/year

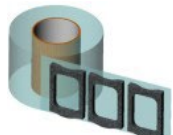

» Optimized presentations for our customers:

NON-ADHESIVE PARTS

Units

Sheet format

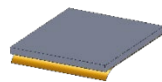

Rolls with removable adhesive tape

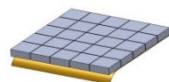

ADHESIVE COMPONENTS ON 1 SIDE

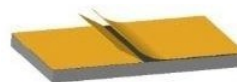

Units with fingerlift

Sheet format (one piece)

Sheet format (several pieces)

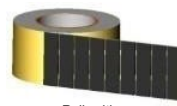

Units with double fingerlift tabs

Units

Units with splitliner

Rolls with butt cut

Rolls with waste removed

ADHESIVE COMPONENTS ON 2 SIDES

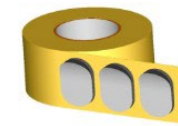

Sheets with liner

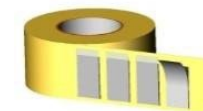

Sheets with continuous liner

Rolls without liner

Rolls with liner

Rolls with fingerlift

Rolls with continuous liner

-- OUR LOCATIONS --

● Manufacturing plant
■ Sales office

-- WHAT MAKES US DIFFERENT --

VERTICAL INTEGRATION

- Formulator + manufacturer + converter
- Quality control
- Cost reduction

VALUE CREATION

- Listening to our customers
- Advanced innovation, multi-market
- Specific and differentiating solutions

AGILITY

- Reactivity
- Availability

WORLDWIDE PRESENCE

- Proximity
- Short delivery times
