■ Why Grupo SMM exist?

Our bussiness

CNC Machining

We want to help our customers manufacture what they do best, without worrying about machined parts.

Heat Treatment

We take care from machining to high vacuum tempering for all our jobs.

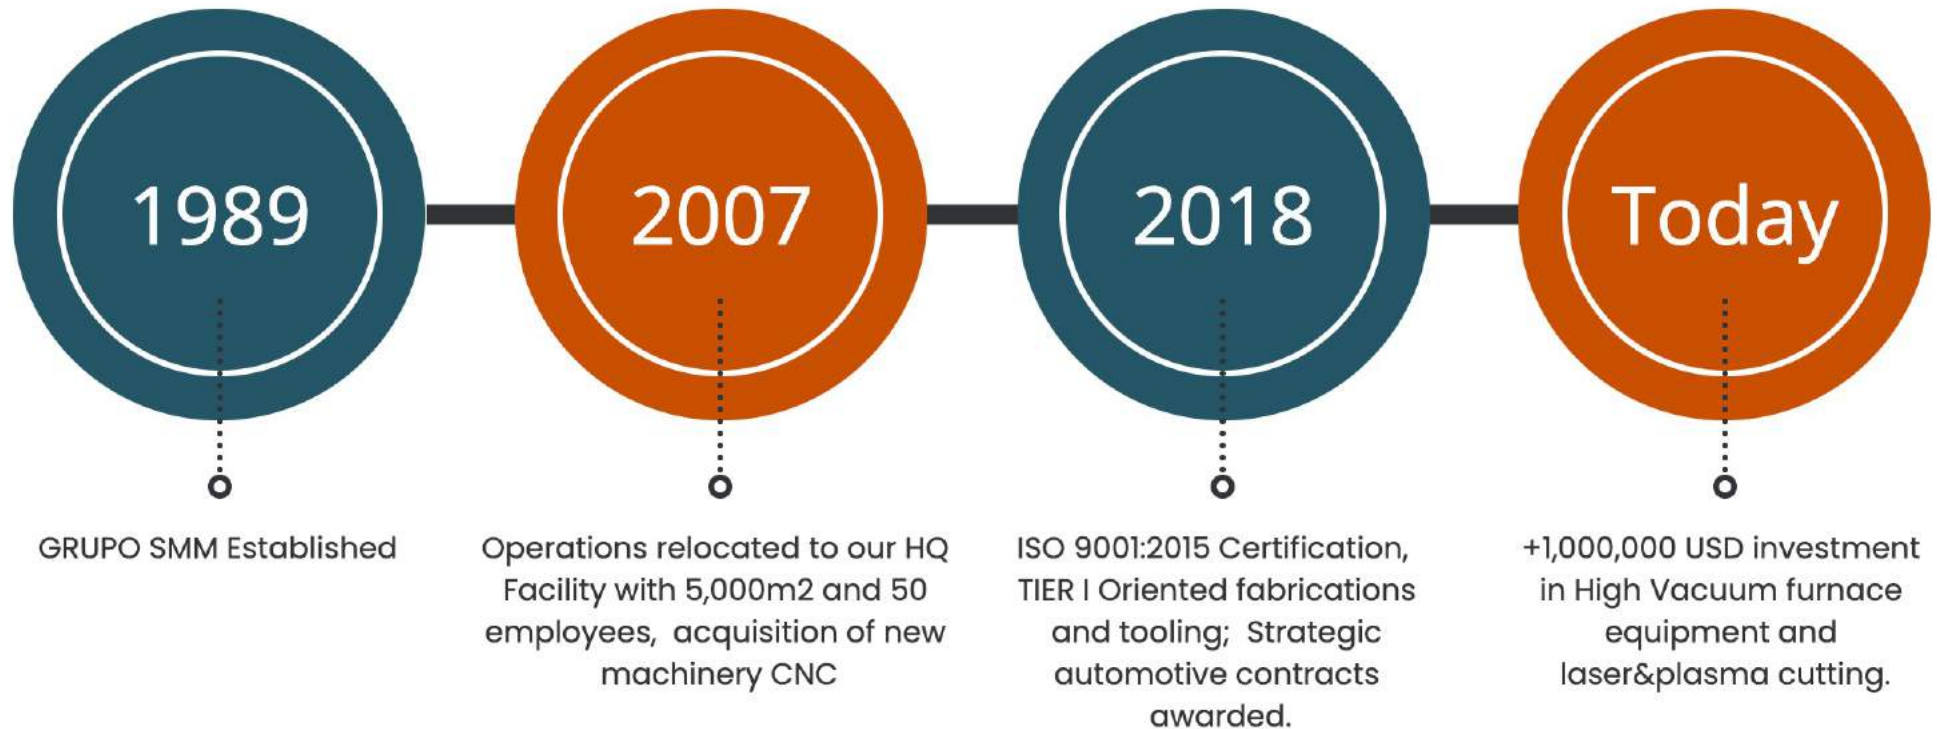

Welding

We have an AWS certified team to take care of your fabrications!

GRUPO SMM history & milestones

GRUPO SMM Locations & services

■ HQ – San Luis Potosí, SLP

- ✓ 5,000 m2 facilities
- ✓ All kind of CNC machined spare parts
- ✓ Heat treating facilities
- ✓ 3 High vacuum ovens
- ✓ Central Engineering
- ✓ Laser & plasma plate jobs
- ✓ Welding and Assembly

■ Estado de Mexico (Plant 2)

- ✓ 1,500m2 facilities
- ✓ All kind of CNC machined spare parts
- ✓ Operations and logistics support
- ✓ Warehouse

PROCESS**

MABE

■ E-gas adapters

**Home appliance
Industry**

**E-gas adapters for
domestic stoves**

4 Part Numbers

**Annual Volume
10,000pcs mixed**

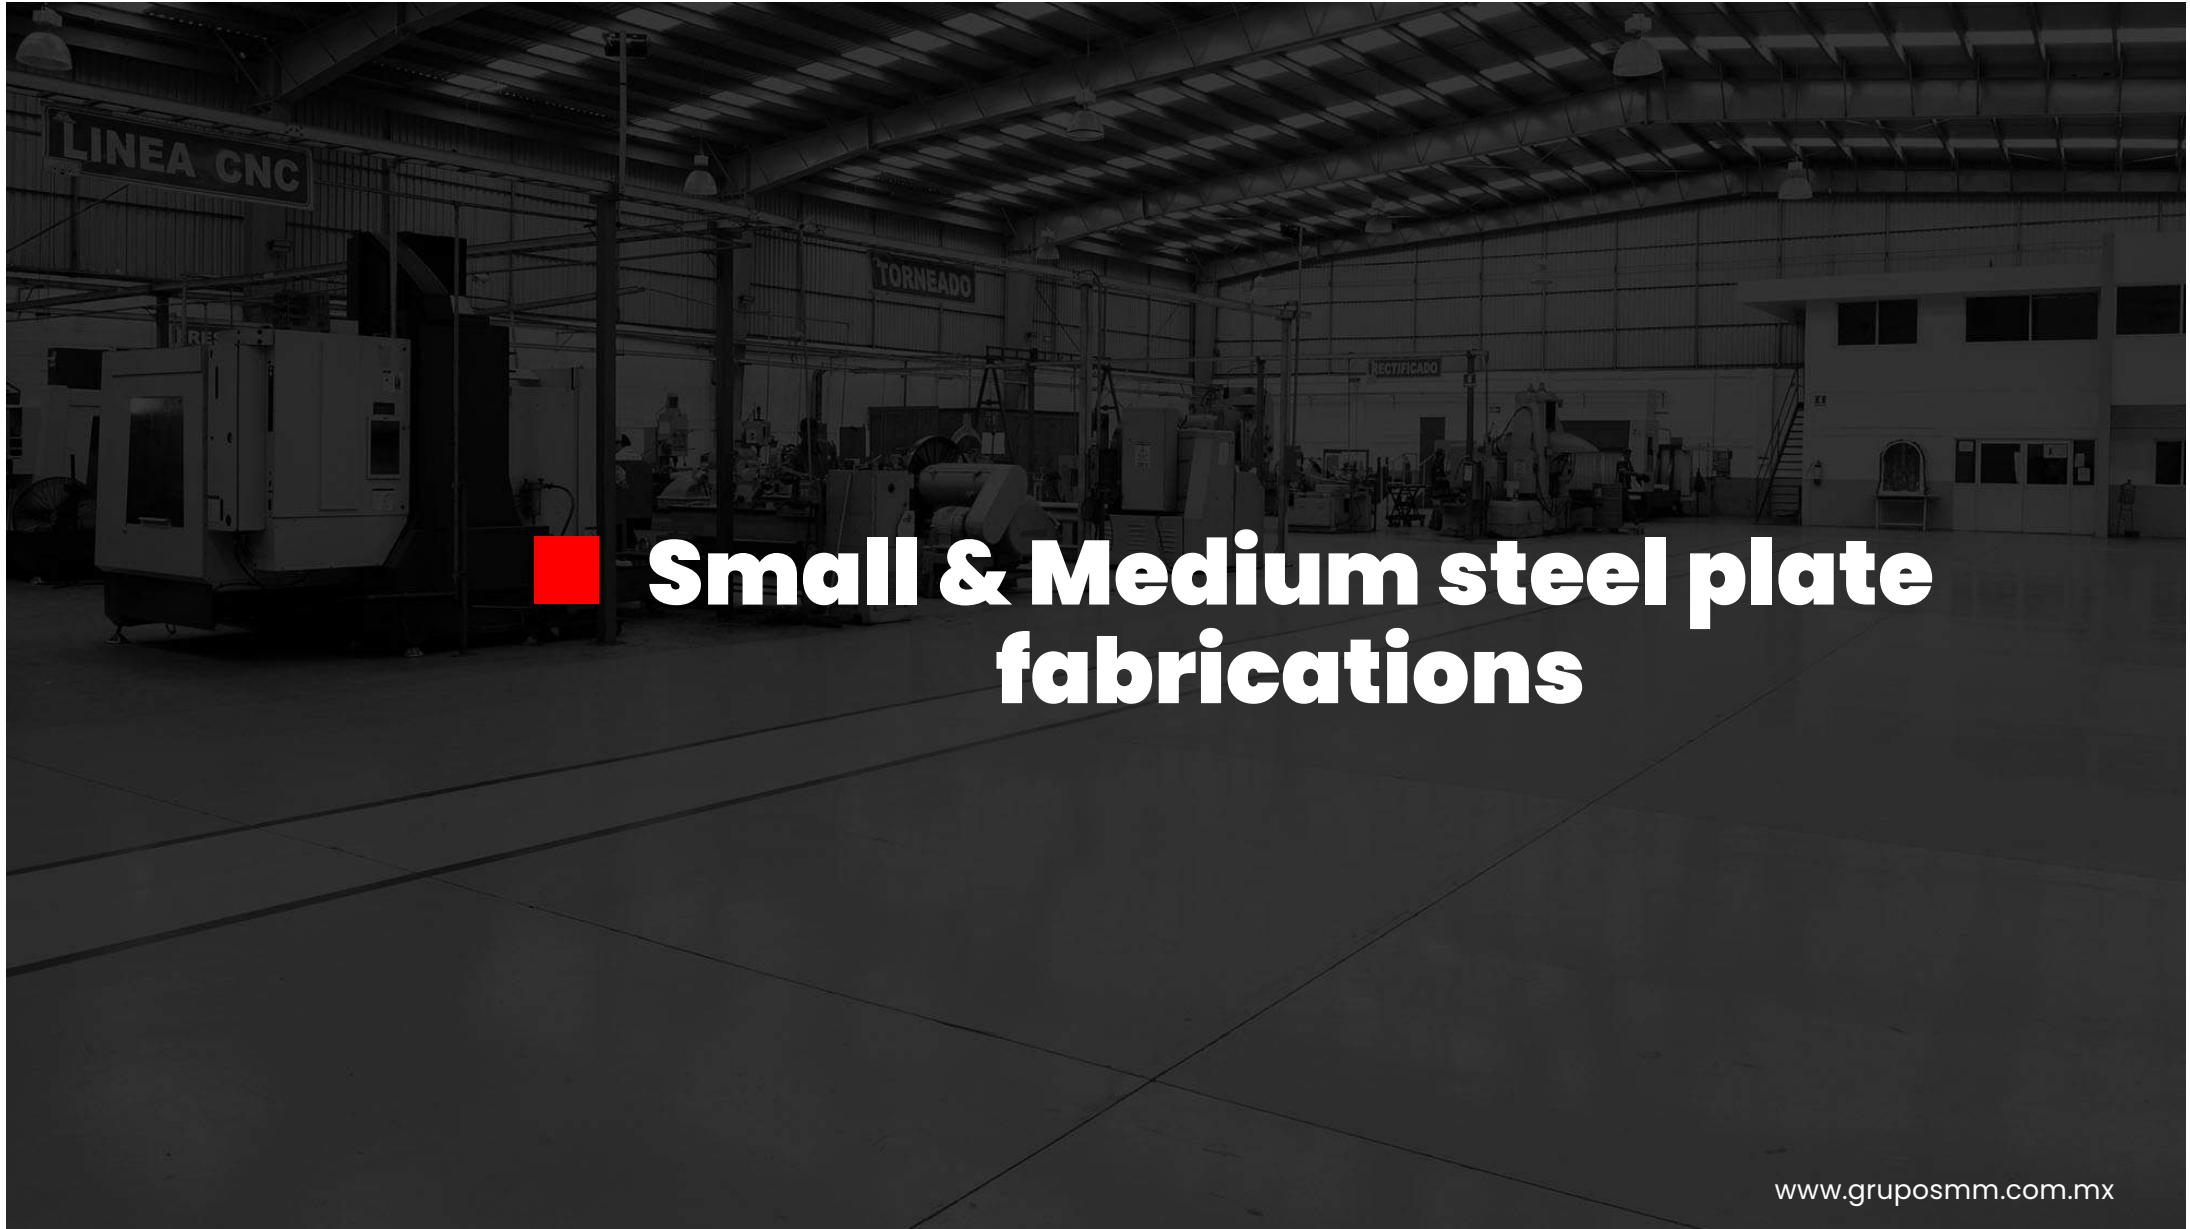

**Material: Brass
+ Steel**

**CNC Machining
process**

Small & Medium steel plate fabrications

- Welding
- Plasma cutting capabilities

Machining up to 3683 x 2159 x 600 mm

Industries we are proud to work with

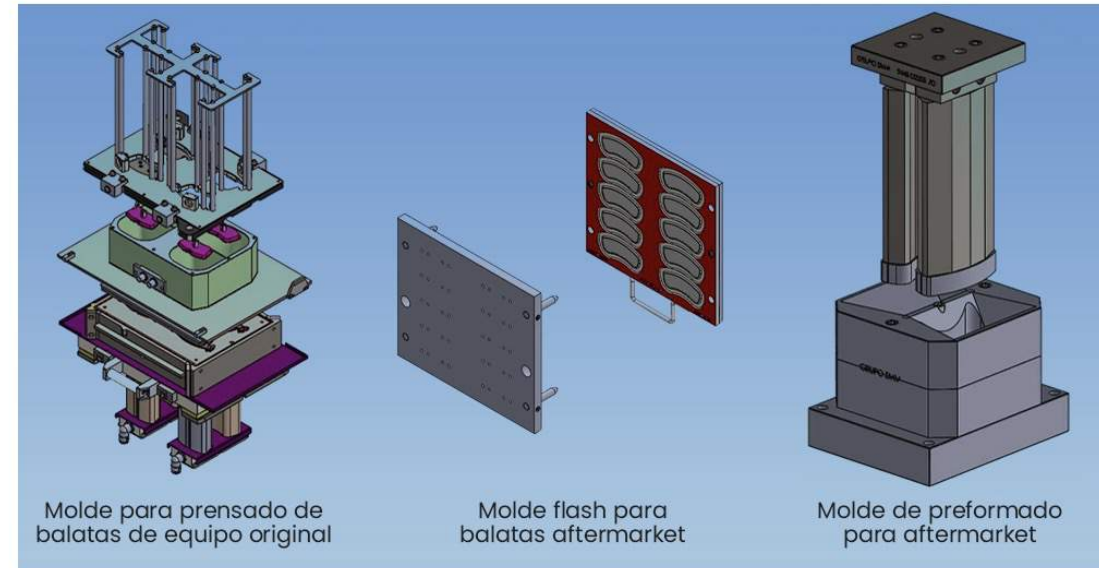

■ FOOD INDUSTRY

- Stainless Steel jobs
- Work tables
- Spare parts
- Special projects development
- Molds

■ AUTOMOTIVE INDUSTRY

- Flash molds for brake PADS
- Positive molds for braje PADS
- Fingers
- Blades
- Steel plates
- Straight gears
- Shafts
- 4axis machining
- Tooling

moldes balata

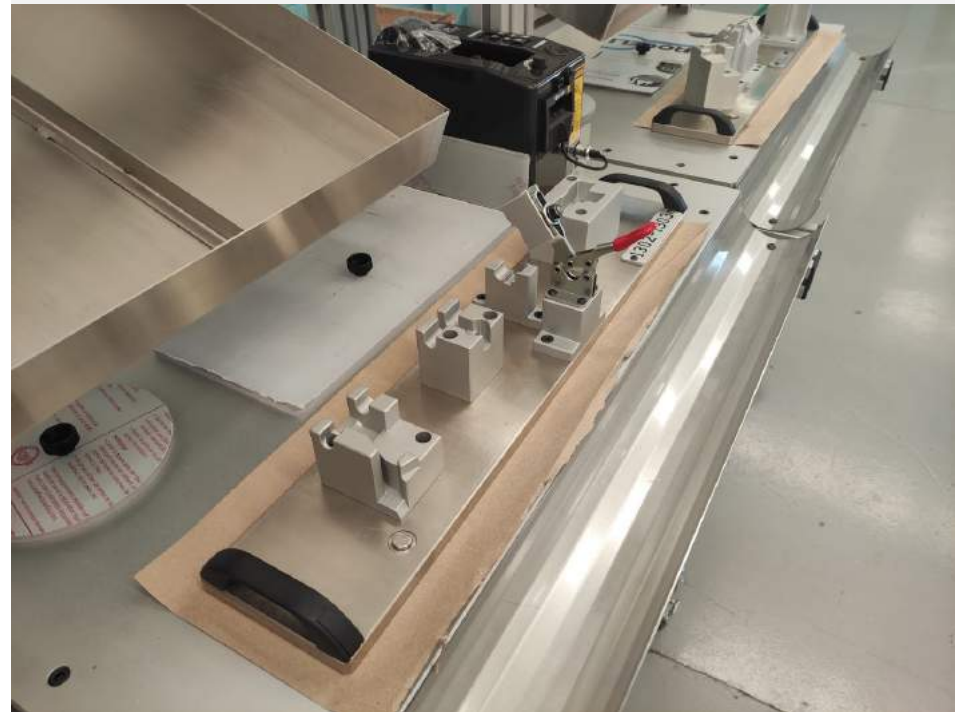

herramental para extrusión de caucho

Some of our projects

Design and fabrication of Toyota machines for cable harness

TOYOTA F80L

■ MINING INDUSTRY

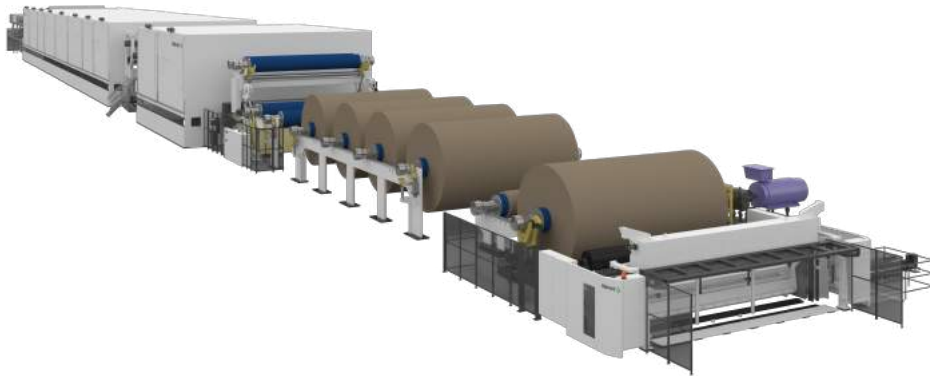

- We are able to fabricate shafts of 6meters long!

■ PAPER & PULP INDUSTRY

- We have been working and exporting many projects with VALMET INC through competitive costs and exceptional quality

**■ WHY GRUPO SMM AND YOUR
COMPANY ARE A PERFECT
MATCH?**
