

packaging solutions & logistics

SURE, WE MAKE GREAT BOXES! BUT THAT'S NOT ALL WE DO...

PSL provides exemplary service from the first point of contact with Sales and Customer Service to the on time delivery of the product. Our efficiency and precise inventory management, allow us to provide "Just In Time" service to several customers delivering direct to the lines.

WHY PSL?

PSL has many years of experience in packaging and logistics. Our focus is top-notch quality and service, staying in front of the market with the latest technology, like **high-speed digital printers**, offering **quick idea-to-packaging solutions**, **cutting-edge corrugated graphics**, and **eye-catching point-of-purchase displays**. PSL goes beyond packaging by providing Just-In-Time service, helping customers drive out costs and manage inventory to free up floor space.

PSL has four incredible locations of converting to serve much of Northern Mexico and Southwest Region of the U.S. Our vision is to constantly invest in the latest cutting-edge technology that supports our unique niche within the industry. We aren't just about having great equipment and being in good locations, because we certainly have all of that, it's also about making things just right for you, utilizing our strengths and efficiencies that come from our people and leadership.

And guess what? We do more than just make boxes! Imagine no more label purchase commitments and obsolete labels due to print revisions. Not only can we run truckload quantities with ease, we can effectively run smaller quantities and make print revisions with the stroke of a key, increasing your control and speed to market!

ABOUT US

At GAP / PSL we work together to provide full manufacturing services. We serve much of Northern Mexico and Southwest Region of the U.S. Not only do we provide all types of corrugated products and fabricated foam; our niche is complex assemblies, and a dedicated labor force on products that must meet stringent quality standards.
