

# Sorte

**GRT** is a Third-Party Logistics (3PL) company that integrates transportation, distribution, storage, and customs services on a single platform. They specialize in the Mexico–United States corridor, and we have CTPAT certification and our own infrastructure.

# Services

- 1** Door-to-door **international freight** between the US and Mexico.
- 2** **Domestic freight** within Mexico and the United States.
- 3** **Freight using special trailers** (refrigerated, flatbeds, lowboys, and oversized).
- 4** **Dedicated freight in Mexico and the United States.**

- 5** **Expedited Freight**
- 6** **Consolidated freight (LTL)**
- 7** **Distribution, storage, and cross-docking services.**
- 8** **Customs Services**

# Technological innovation

It is the application developed by our engineers that **integrates transportation management systems (TMS), warehouse management systems (WMS), and customs into a single platform.** This allows our clients and suppliers real-time access to their operations.

**AI** application in several processes

**Backup every 25 minutes** at 3 locations (2 physical and 1 cloud-based) to recover all information within 2 hours.

**Cybersecurity and physical security** for all our databases and offices.

**API, EDI,** or any information exchange information

# Culture

Our work culture and actions are based on these 3 pillars:

1

**Education and Training:** Learning every day from our clients, suppliers, competitors, and our own experiences.

2

**Innovation:** Continuously improving our processes, services, and technology to meet our responsibilities in our clients' supply chains more efficiently and cost-effectively.

3

**Discipline and Perseverance:** Doing whatever it takes to achieve the set goals.

# Customs US & MX services
