

INNOVATION,
SYNERGY AND
EFFICIENCY

No one is a good as all of us
together!

www.imedags.com

IMED, a company located in Aguascalientes, with over 11 years of experience in the market, focuses on the development and manufacturing of parts, components, products, and services.

Our sales amount to 2.8 million USD per year.

Exponential growth in the last 5 years is 22-25% annually.

We Specialize in

Designing and manufacturing metal-mechanical components, as well as integrating and automating industrial processes for any market.

Certifications

CERTIFIED company under the **ISO 9001:2015** and **AS9100 D**, thanks to the implemented work methods for the continuous improvement of the quality of our products and services, as well as customer satisfaction,

Business Unit

Automation and Control

- Vision System
- Robot Programing
- AGV Systems
- Machinery Development
- Equipment Migration

Design and Engineering

- Gauges
- Dies (Tandem, Transfer and Progressive)
- Workstations
- Assembly and Welding Check-in Fixture
- Tooling
- Spare Parts

Precision Manufacturing:

-High mix, low and medium volume

Consumables:

- Spare parts for DIE making
- Consumables supply for MRO
- Spare parts for Bending and cutting tools
- Supply of consumables

Materials:

- Stainless steel alloys
- Aluminum alloys
- Nickel
- Steel alloys
- Titanium classes

No one is a
good as all of
us together!

Precision Manufacturing :

Special projects:

- EDM Thread
- Penetration
- 3,4 and 5 axis CNC
- Die making
- Tool manufacturing
- Injection Molds
- Gauges
- Assembly and welding fixtures

**Tolerance of 2 - 3
microns**

Welding and Structures

- Machining Assemblies
- Conveyors
- Racks
- Pallets
- Metal Structures
- Tlg. MIG, Aluminum Welding

ENGINEERING SOLUTIONS

Quality Assurance and Reverse Engineering

We have different equipment that guarantees the measurement of the products made, which allows our laboratory to have an optimal quality control.

- **KEYENCE OPTICAL COMPARATOR**

- **ZEISS ATOS GOM SCANNER**

- **Last-generation measurement system and reverse engineering**

- **Equipment:**
CMM 160x100x100
