TECNOLOGIA HERGO METAL MECHANICAL COMPANY

CNC Machining · Stamping · Prototypes · Plastic Injection · Dies & Fixtures

Located in Toluca State of Mexico

Value chain:

OEM'S ← TIER 1 ← TIER 2 ← TIER 3

GM · BMW · VW · Mercedes · Ford

ZF · Continental ContiTech · OPW · Nilfisk Advance · SIEMENS

TECNOLOGIA HERGO METAL MECHANICAL COMPANY

Quality

In compliance with IATF 16949:2016 (in process of certification)

CORE TOOLS:
- FMEA
- MSA
- APQP
- PPAP
- SPC
- Control Plan

AMTIVO
ISO 9001 Certified
Quality Management

Metrology

Lab equiped with state-of-the-art masurement instruments

Mitutoyo

CNC Machining

- 9 HAAS CNC Lathes Live tool
- 2 Quicktech multitask lathes
- 7 CNC Vertical mills (4th axis)

Al · Cu · Steel · SST

Stamping

10 Stamping presses from 25 to 120 ton

Prototypes

- 3D print Filament & Resin
- Machined prototypes
- Reverse engineering

Plastic Injection

Capacity 160 ton

- Polyamide
- Polypropylene
- LDPE
- EPDM

Dies & Fixtures

Toolroom

Our toolroom take care of the manufacture and maintenance of all our tools and fixtures.

- CNC Mill
- EDM
- WireEDM
- Grinding
- Heat treat furnace

Design & Engineering

Our team design all tools manufactured in Tecnologia Hergo using CAD CAM software
