

ENGINEERING POLYOLEFINS

WASHINGTON PENN
An **AUDIA** Company

Formulate Great™

VALUE, COMPOUNDED.

As the leading provider of polypropylene and polyethylene solutions, Washington Penn is driven by a culture of innovation. We believe in collaborating with our customers to solve material challenges by engineering polyolefin solutions that meet the needs of evolving markets. As a global company, we have manufacturing locations in various locations, each with a strong focus on providing dedicated quality, safety, and service.

Whether it's a new challenge or the next trend in the industry, we'll help you stay ahead of it. With decades of expertise, Washington Penn customizes solutions based on your application needs. Together, we can discover more ways to create cost-effective, sustainable, and high-performing polyolefins. With every job comes a new opportunity to Formulate Great™.
