GEOGRAPHIC ADVANTAGE

We are leaders in the border area, we are in places where the commerce and movement of goods are internationally:

- Ciudad Juárez
- Chihuahua
- El Paso Tx.
- Torreón

We coordinate the **movements of goods** of high value between the United States and Mexico, **through** El Paso, Texas.

SPECIALIZED LOGISTICS

The updating and training are constant in our staff:

• We use state-of-the-art technology that your cargo travels safely, from door to door.

Monitoring 24/7 between Mexico - United States.

Your operation is **always** safe, being that all the equipment is completely owned 100% by SILT:

• Our fleet consists of more than 450 trailers and 1,200 Dry-Van 53'. Our trailers are renewed on average every 5 years to guarantee the customer

the latest equipment to provide excellent service.

MEXICO - OPPORTUNITIES AND ROUTES

- International Crossing between Ciudad Juárez El Paso, Tx.
- K9 checkpoints in our installations, and the international bridges of Córdoba and Zaragoza in Cd. Juarez.
- El Paso Tx. and Santa Teresa in New Mexico Railway Service.
- Leasing of Dry-Van 53' for crossing, warehouse, Flatbed and LowBoy.
- Expediated service by land and air Hand-Carrier.
- Hazardous Waste Transportation Service Hazmat, and Non-Hazardous SCRAP.

- Security guard escort Service for Shipments at client's request.
- National Service in Mexico and the US; daily, weekly, monthly reports of movements for customers.
- In house SILT system (for Monitoring and registration of all movements 24/7).
- Fleet Administration.

SELF-FUEL CONSUMPTION

We have our own Diesel station in Cd. Juarez, which helps our clients with faster service and enhanced safety.

We also have our own Washing Machine for trailers and Dry-Van 53' also located in Juarez, and which uses recycled water for 6 months, which helps us be a more environmentally friendly company.
