Where we are?

**"We guide you every step of the way — from landing to fully operating on your own in Mexico."**

# First step: Site Selection

We develop comparative cost models that consider key factors such as energy consumption, leasing, payroll, and freight. This allows us to help you identify the optimal location for your operations.

**“Our priority is to minimize the administrative risks of operating in a new country, so you can focus on growing your business with confidence.”**

# Business model:

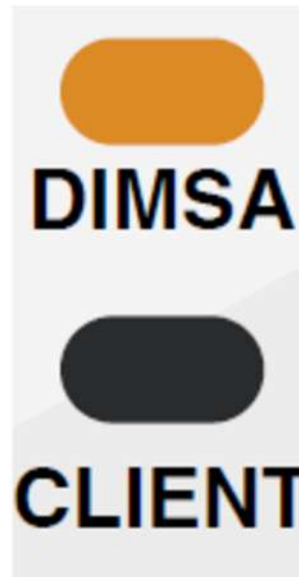

**Shelter**

**Administrative  
services**

Import & Export	Fiscal	EHS Compliance	Employment
HR & Union Relations	Accounting & Treasury	Payroll	Company Ownership
Product Control	Quality Control	Equipment	Production
Maintenance	Industrial Engineering	Material Control	Raw Materials

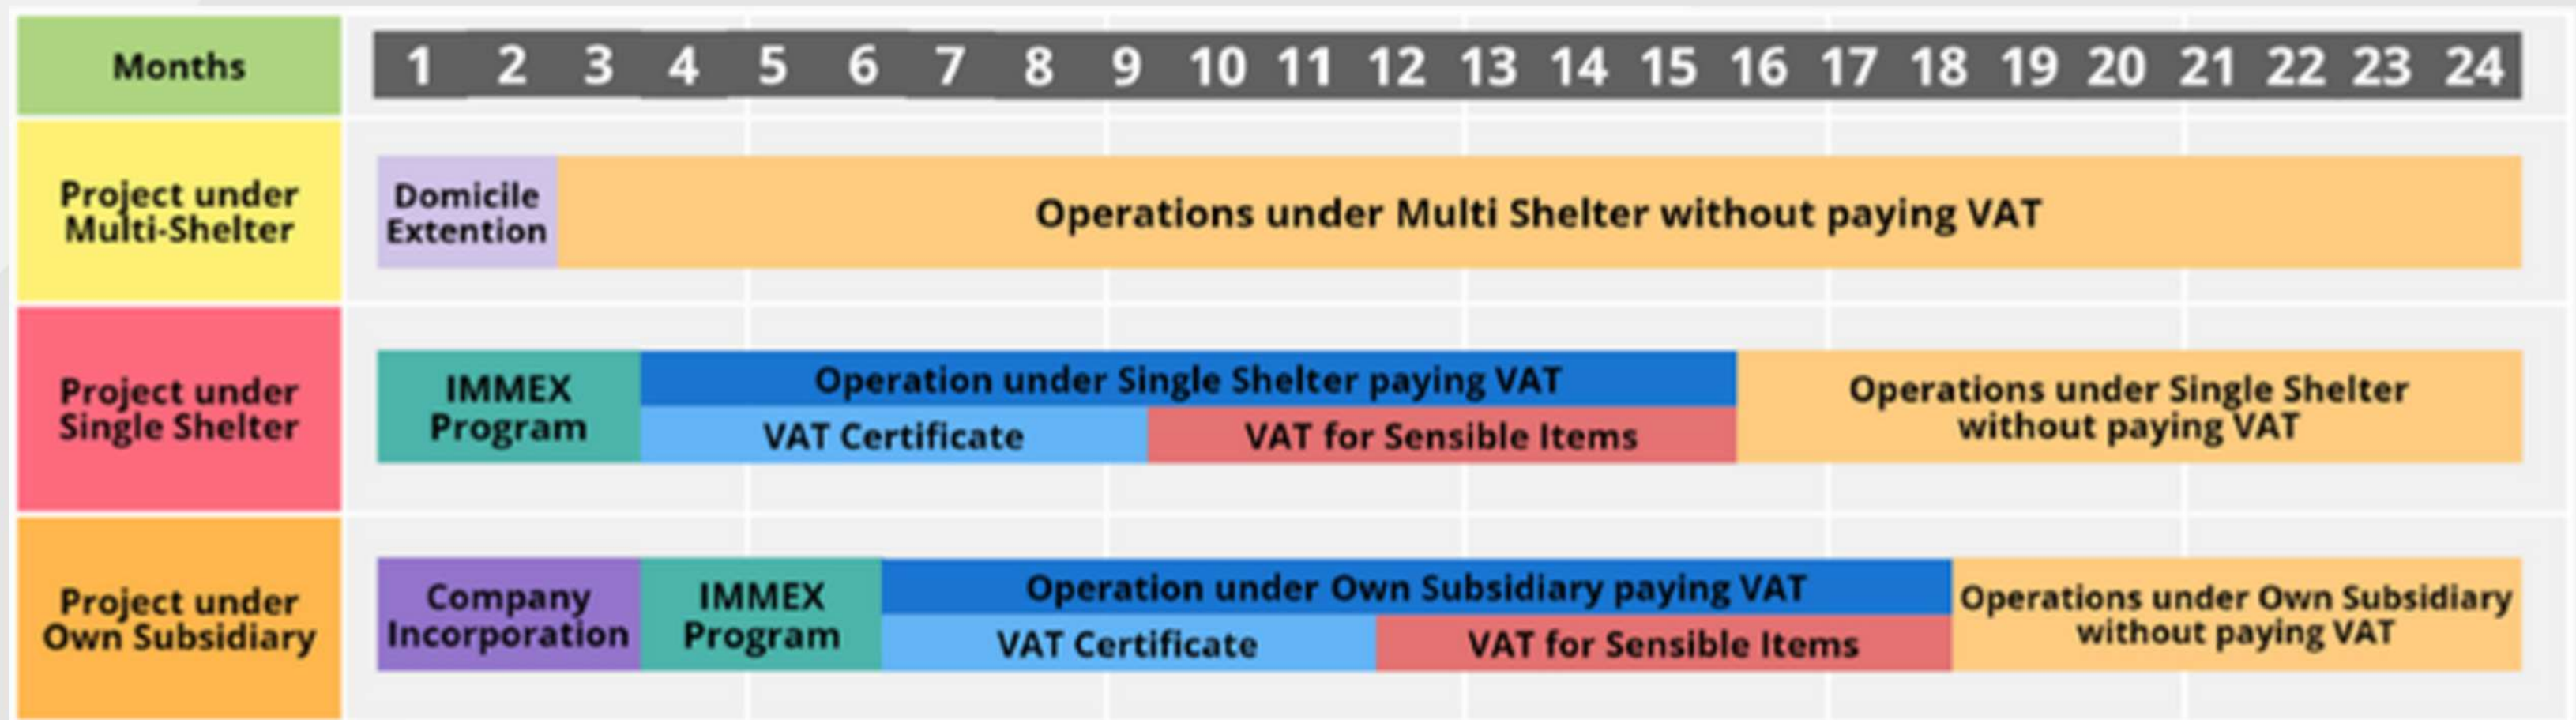

Import & Export	Fiscal	EHS Compliance	Employment
HR & Union Relations	Accounting & Treasury	Payroll	Company Ownership
Product Control	Quality Control	Equipment	Production
Maintenance	Industrial Engineering	Material Control	Raw Materials

# Shelter: Expand to Mexico—without the risk.

With the shelter model, your company can **start operations in Mexico fast**, cost-effectively, and fully compliant—without creating a legal entity.

**We take care of everything** administrative —**while you stay focused on what you do best:** manufacturing, quality, and growth.
