Mission

- ▶ At MAQUINADOS INDUSTRIALES TRIER S.A. DE C.V., our mission is to provide excellent technical service in the manufacturing of machined products. We utilize cutting-edge technology that allows us to care for the environment while generating income for the development and growth of our company. We firmly believe in the capabilities of our personnel and promote their development, productivity, and excellence to exceed the expectations of our most demanding clients in the market, as well as to comply with national and international standards. We establish ourselves as a leading company based on our principles of honesty and integrity.

Experience and Background

- ▶ At Maquinados Industriales Trier S.A. de C.V., we take pride in highlighting that we have solid experience of over 20 years in the market. During this time, we have gained deep knowledge of the machining industry and refined our skills and processes to deliver exceptional results to our clients. Our long-standing presence in the market has allowed us to face a wide variety of challenges and adapt to the changing demands of the industry. This has provided us with a solid foundation of experience and enabled us to develop a reliable reputation as a provider of high-quality machining services.

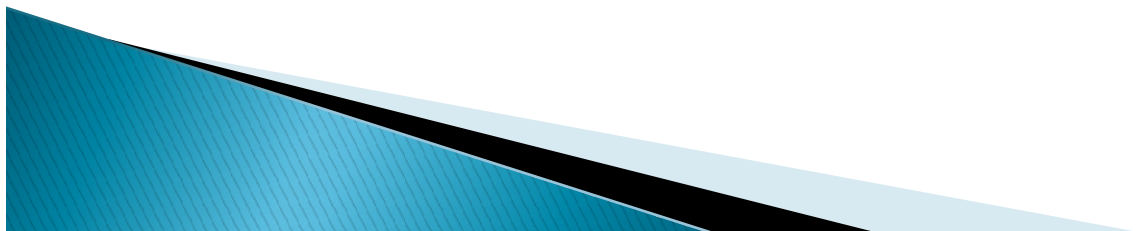

Our Commitment

- ▶ At Maquinados Industriales Trier S.A. de C.V., we are committed to providing exceptional technical service, exceeding our clients' expectations, and staying at the forefront of the machining industry. Our passion for quality, innovation, and customer satisfaction drives us to remain leaders in our field. Trust our more than 20 years of experience in the market to provide you with quality machining solutions and meet your most demanding expectations. We are committed to excellence and customer satisfaction in everything we do.

Vision

- ▶ We are nationally recognized for our excellent quality and are exploring the international market through the export of our products. Our staff is highly trained and committed to our company.

Areas of Specialization:

- ▶ Design and manufacturing of mechanical parts and components for the metalworking industry.
- ▶ Machining of series parts on CNC machines.
- ▶ Repair and manufacture of mechanical components and special tools.
- ▶ Grinding of cylindrical and flat parts, as well as high-precision parts.
- ▶ Design and manufacture of position gauges and go/no-go gauges for production processes.
- ▶ Machining according to customer specifications.
- ▶ 3D machining.
- ▶ Mechanical design and analysis of mechanical components.
- ▶ Manufacturing of hydroforming dies.
- ▶ Manufacturing of jigs for the aerospace industry..

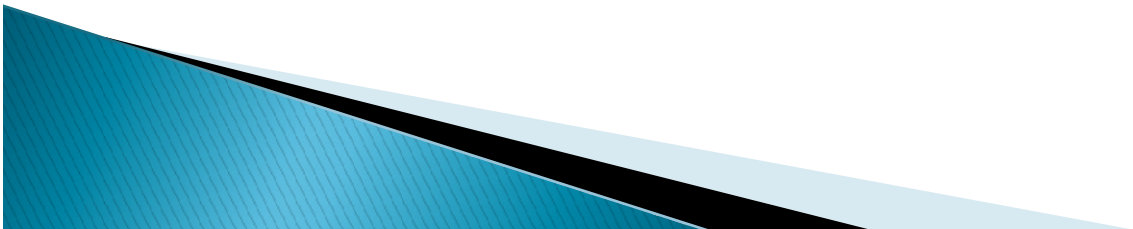

Some of Our Main Tools and Equipment Include:

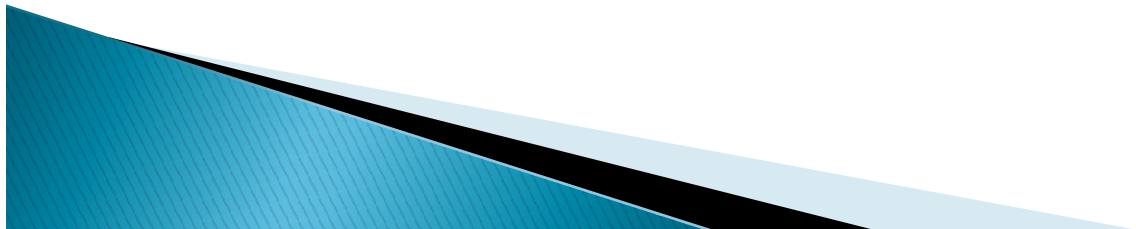

- ▶ Two CNC machining centers VMC 1050 TREE (z=20, y=20, x=40)
- ▶ Matsuura machining center (z=17, y=17, x=30)
- ▶ CNC lathe Mori Seiki with a swing of 6x12 inches
- ▶ CNC router 4x8 feet with 5" travel on the Z-axis
- ▶ SIDERAL parallel lathe with a swing of 24" x 86" between centers
- ▶ Four vertical milling machines with capacities of x=29", y=14", z=16"
- ▶ TOZ lathe with a swing of 16" x 40" between centers
- ▶ HEZ lathe with a swing of 16" x 40" between centers
- ▶ Cylindrical surface grinder with a swing of 10" x 18" between centers
- ▶ Two surface grinders with capacities of x=12", y=6"
- ▶ Planer with 24" stroke
- ▶ Pantograph

IMAGES OF SOME OF OUR EQUIPMENT

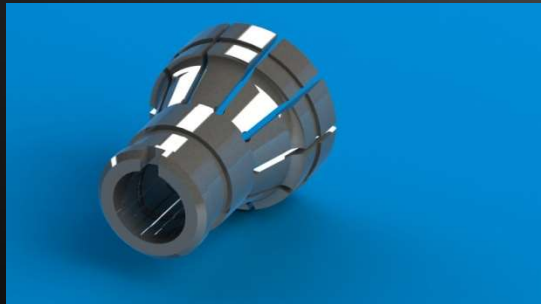

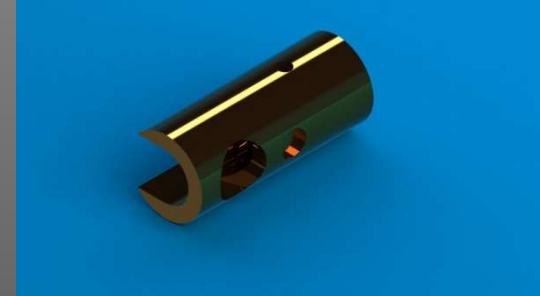

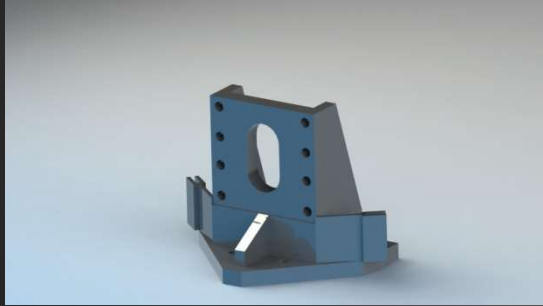

Specialized Machining Service in:

- ▶ Steel
- ▶ Stainless steel
- ▶ Aluminum
- ▶ Engineering plastics
- ▶ Bronze

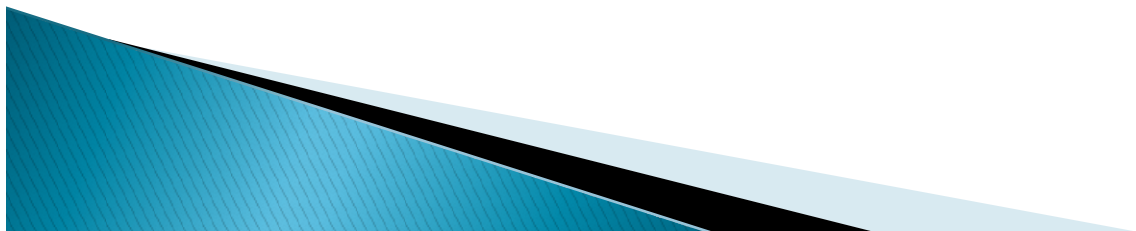

Samples of Our Work:

Main Clients:

- ▶ Companies in the automotive industry (Maxion Wheels).
- ▶ Manufacturers of industrial valves (Xomox Chihuahua).
- ▶ Companies in the aerospace sector (Grupo American Industries, Arnprior Aerospace).
- ▶ Construction industry (Kalish).
- ▶ General public.

Acknowledgment

- ▶ We sincerely thank your company for giving us the opportunity to work together. We value the trust you have placed in us and are committed to exceeding your expectations in every project we collaborate on.
