

WHEN ENGINEERING CAPACITY BECOMES A CONSTRAINT, WE BECOME PART OF YOUR TEAM.

From product engineering to manufacturing excellence. Two specialized teams. One goal: **your performance.**

ENGINEERING SERVICES

Develop Better Products

We extend your engineering team with the right skills to deliver on time, every time.

YOU FACE

- Engineering overload
- Aggressive deadlines
- Lack of specialists
- Engineering changes

WE PROVIDE

- CAD Design (2D/3D)
- Product Engineering
- FEA & Simulation
- Validation Engineering
- Design Changes
- Release Engineering
- Industrialization Support
- And more...

HOW WE ENGAGE

- STAFF AUGMENTATION
- WORK PACKAGES
- ENGINEERING SERVICE CENTER

MANUFACTURING ENGINEERING

Build Them Better

We work on your shop floor to improve productivity, stability and operational efficiency.

YOU FACE

- High cycle times
- Scrap & rework
- Process variability
- Capacity constraints
- Production instability

WE DELIVER

- Line Balancing
- Time & Motion Studies
- Process Optimization
- Material Flow
- Lean Manufacturing
- Continuous Improvement
- Automation Assessment
- Production Support

HOW WE ENGAGE

- TURNKEY PROJECTS
- PROCESS IMPROVEMENT PROGRAMS
- ON-SITE ENGINEERING

WHY SEGULA?

FLEXIBLE
Solutions adapted to your needs

TECHNICAL EXPERTISE
Deep automotive knowledge and industry best practices

FAST DEPLOYMENT
Quick ramp-up and scalable teams

RESULTS-DRIVEN
Measurable impact on performance and cost

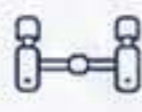

WE SUPPORT THE AUTOMOTIVE VALUE CHAIN
