

METALIA^{MS}
MANUFACTURING SOLUTIONS

About Us

Metalia is a **family-owned company** founded in **Monterrey, Mexico**, in 1981

We provide **sheet metal, powder-coated, and pre-assembled parts** primarily to OEM customers in the US, Mexico, and Canada. Additionally, a portion of our products are shipped to Puerto Rico, Italy, and Austria.

We have **4 Plants and a Distribution Center** with a **production objective of $\approx 19,000$ tons**

We **understand each of our client's needs**, offering **reliable, sustainable, and customized solutions** with operational and technical expertise, as well as friendly and effective customer service.

Our History

Shear Machine Operator in 1990s

Distribution Center in 2025

1981

The company was founded with a focus on manufacturing furniture for libraries

1991

The current owners acquired the business and began expanding into various markets, including office furniture and institutional sectors

2000

Initiated within the sector of Original Equipment Manufacturers (OEM)

2014

The company's furniture division was sold, and it subsequently rebranded as Metalia, focusing on serving OEM clients

2017 to Today

The company is expanding and establishing a stronger foothold in the sheet metal industry. It has expanded from a single location to five, effectively doubling its production capacity

Our Services & Capabilities

We can

- | | |
|-------------|----------------|
| ✓ Co-design | ✓ Weld |
| ✓ Transform | ✓ Powder paint |
| ✓ Cut | ✓ Assemble |
| ✓ Bend | ✓ Package |

any custom-made piece to
client's specifications and
needs

Materials and Gauges Available

Galvanneal
by request

Hot-Rolled Steel
5/16, 3/16, 7/10, 11, 12,
13, 14, 16, 1/4, 5/8, 3/8

Stainless Steel
1/4, 3/16, 10, 11, 12,
14, 16, 18, 20

Cold-Rolled Steel
14, 16, 18, 20, 22

Aluminum
5/8, 5/16, 15, 14, 10, 1/4,
3/16, 24 Ga, 27 Ga

Galvanized Steel
10, 11, 12, 14, 16, 18, 20, 22

Note: Ask your representative for other materials and/or gauges options to fit your needs

Our Equipment and Technology

Main Processes

Presses

- **23 CNC Turret Punch Presses**
(50, 30 and Four 20 Tons)
- **33 CNC Brake Presses**
(60 to 250 Tons)
- **4 Mechanical Presses**
(80 to 120 Tons)

Cutting

- **4 Laser Cutting Machines**
(Power 6KW)
- **3 Shears**

Our Tools and Technology

Additional Processes

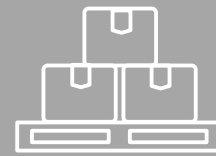

Welding

- ✓ Robotic MIG Welding (2)
- ✓ MIG Welding Stations (14)
- ✓ TIG Welding Stations (3)

Painting

- ✓ Blasting Equipment (1)
- ✓ Powder Paint Lines (4)
UL approved

Manual Additional Services

- ✓ Assembly
- ✓ Sealant Application
- ✓ Packing
- ✓ Hardware Insertion
(Rivet, Studs, etc.)
- ✓ Other Applications

Machine Additional Services

- ✓ Rolling Machine (1)
- ✓ Tumbling
- ✓ Tapping
- ✓ Hardware Insertion (PEM)
- ✓ Other Applications
