

COPLASCO

The world of **packaging** solutions

25
YEARS

WE CREATE
THE RIGHT SOLUTIONS
BUILT JUST TO YOUR
PACKAGING NEEDS

We are **COPLASCO**  a comprehensive solutions and innovation company focused on the design, manufacturing, and VMI Systems of everything related to packaging that provides product safety and protection, always meeting the needs of our customers.

IT'S SIMPLE:

PACKAGING

Design, Manufacturing and Logistics.

The background of the slide is a close-up photograph of industrial machinery, likely a metalworking or packaging machine. It features various metal components, including a large black adjustment knob, a silver metal plate with a textured surface, and several vertical support columns. The lighting is bright, highlighting the metallic textures and the precision of the equipment.

Our **MISION**

To manufacture packaging products at competitive prices, meeting our customers requirements in a timely and effective manner. We also strive to be a company that continuously improves our production, administrative, and logistical processes, translating these efforts into solutions and benefits for our customers..

Our **VISION**

To be the best option in the market for the manufacturing and distribution of packaging and wrapping products, and to be recognized as a supplier that creates added value for its customers, employees, and partners.

Currently we have achieved exponential growth, providing great value in comprehensive solutions by improving processes. Our state-of-the-art machinery has the capacity to produce thousands of packages daily to cut and glue more than 800 tons of corrugated cardboard. We can carry out low-volume projects with a high level of customization, up to large quantities of packaging in record time for the most important companies in the industry.
