

# GOING FURTHER. TOGETHER.

# Facts

**Founded in 1912**  
**8 locations** worldwide

**~800** employees

**~80 Mio. €** turnover (2024)

**Holistic system competency** in  
engineering & production

**Certified** according to international  
quality standards

# Our Locations

**USA, Detroit**

**MEXICO, Cuautla**

Sales, R&D, Injection molding,  
Extrusion, Assembly

**GERMANY, Leutenbach**

Sales & Innovation Management, R&D,  
Project Management, Purchasing

**AUSTRIA, Bischofshofen**

Center of competence Injection molding  
& Process industrialization

**POLAND, Międzyrzecze Górne**

Sales, Extrusion, Corrugation, Thermoforming, Assembly

**SLOVAKIA, Myjava**

R&D, Project Management, Injection molding,  
Assembly, Laboratory & Prototype shop

**ITALY, Paderno**

Sales

**INDIA, Chennai**

Sales, R&D, Extrusion, Corrugation and  
Assembly

# Holistic System **Engineering** Competence

## Centralized project management

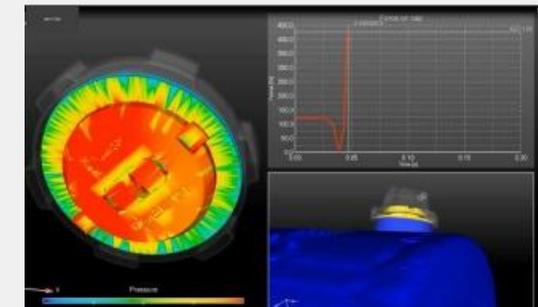

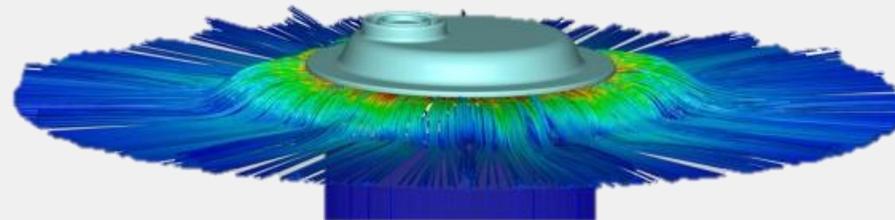

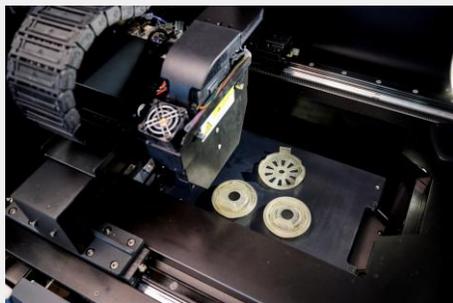

Efficient, centralized project management from concept to serial production – including engineering, simulation, prototyping, validation, and industrialization.

## Prototyping & Testing

We combine high-speed prototype manufacturing with comprehensive testing capabilities to shorten development cycles and increase design reliability.

## Innovation

Our innovation culture is rooted in solving complex engineering problems. Through early-stage feasibility studies, rapid prototyping and integrated testing, we turn emerging ideas into robust solutions.

## Tools used in the virtual analysis

State-of-the-art digital simulation tools for accurate prediction of mechanical loads, deformation, flow behavior, and manufacturing performance.

## Certification

Certified excellence according to leading international automotive and industry standards.

IATF 16949:2016, Ford Q1, ISO 9001:2015, ISO 14001:2015, OHSAS 18001:2007

# Our Processes

- ✔ Various injection molding machines (25 – 180 t)
- ✔ Production lines for extrusion of corrugated and smooth pipes (Ø4,5 - 200 mm)
- ✔ Manual, semi-automated and automated assembly
- ✔ Tightness testing (Helium, Pressure Drop, Flow rate)
- ✔ Welding procedures (Infrared welding, Hot plate welding, Ultrasonic welding)
- ✔ Double wall extrusion
- ✔ Thermoforming equipment
- ✔ Rapid Prototyping

# Automotive & Commercial Products

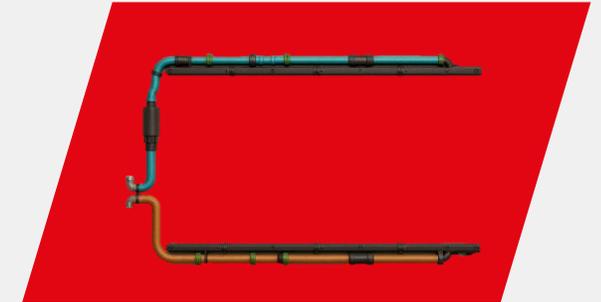

✓ Caps (oil, radiator & tank)

✓ Battery vents & Breathers

✓ Degas Bottles

✓ Thermal Management System

✓ DEF Filling Systems

✓ Immersion Cooling vents

✓ Media guiding systems  
(SCR / Air ducts / Battery cooling /  
Diesel filler pipes / Washer pipes)

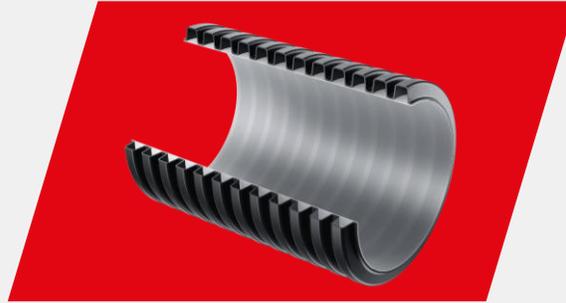

✓ Drainage Valve

# Industrial & Construction Products

✓ Caps (oil, radiator & Diesel)

✓ Tubes for medical, industrial & ventilation applications

✓ Tubes for household appliances

✓ Valves  
Pressure valves, Roll Over valves

✓ DEF Filling Systems

✓ DEF & Diesel  
Necks, Filters & Caps

✓ Cooling Systems  
Data Centre, Energy Storage Systems

✓ Robotic components

# References

## Car manufacturers/OEM

Albonair, AMG, ASHOK Leyland, Audi, Bentley, BMW, Caterpillar, CNH, DAF, Daimler, EvoBus, Fiat Chrysler, Ford, Freightliner, GM, Jaguar Land Rover, John Deere, Lamborghini, IVECO, Kärcher, Leyland Truck, Mack, Mahindra, MAN, Maserati, Mazda, Navistar, Opel, Paccar, Peugeot Scooter, Piaggio, Porsche, PSA, Renault/Nissan, Renault Truck, Rolls Royce, SAIC, Same Deutz Fahr, Scania, Seat, Skoda, TATA, VDL Nedcar, Volvo Car, Volvo Truck, Volkswagen

## System suppliers

Bruning, Bruss Werke, Cornaglia, Contitech, Elring Klinger, Exo-s, Geiger Automotive, Group Plastivaloire, Heyco, HUF Gruppe, Joma-Polytec, Kautex, Kongsberg, Magna, Mahle-Behr, Magneti Marelli, Mann & Hummel, Mecaplast, Metroplast, Modine, Parco, Parker Gruppe, Plastic Omnium Auto Inergy, Promens, Rototech, Röchling, SAG, Selmat, Simplast, Tristone, UFI, Valeo, Veritas, Visteon, Woco, YAPP Automotive

## Household appliance manufacturer

Samsung, Whirlpool, B/S/H

## Household appliance system supplier

Samsung, Whirlpool, B/S/H

# Contact Us

## **Hubertus Linz**

Sales Director

Hans-Paul-Kaysser Str. 10

71397 Leutenbach

Germany
