

# ADMTRONIK

Automation LLC

## INDUSTRIAL AUTOMATION & TOOLING SOLUTIONS

Real Solutions. Measurable Results.

We design, build and integrate smarter manufacturing solutions that improve productivity, reduce costs and deliver measurable results.

### WHAT WE DO

**TOOLING & FIXTURES**  
Custom design and manufacturing for high performance.

**ROBOTIC INTEGRATION**  
Complete robotic cells and end-of-arm tooling solutions.

**CNC MACHINING**  
Precision parts with tight tolerances and superior finishes.

**VISION SYSTEMS**  
Inspection and quality control with advanced vision technology.

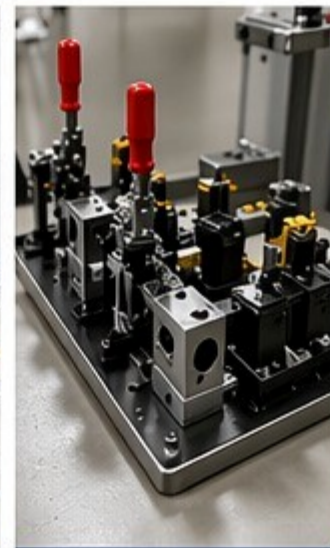

**PLC / HMI PROGRAMMING**  
Reliable automation and intuitive operator interfaces.

**ASSEMBLY & TEST STATIONS**  
Ergonomic, efficient and built to perform.

CNC MACHINING

CUSTOM TOOLING

ROBOTIC SOLUTIONS

### REAL RESULTS

**LESS ERRORS**  
Poka-yoke and automation that eliminate variability and defects.

**HIGHER PRODUCTIVITY**  
Optimized cycle times and efficient processes that deliver more.

**LOWER OPERATING COSTS**  
Smarter solutions that reduce waste, downtime and rework.

**MORE CONTROL**  
Data, traceability and monitoring for better decisions.

### INDUSTRIES WE SUPPORT

AUTOMOTIVE

MANUFACTURING

METALWORKING

ASSEMBLY

TELECOM

### WHY ADMTRONIK?

**FAST RESPONSE**  
Located in the US-Mexico border for quick support and delivery.

**IN-HOUSE ENGINEERING & MANUFACTURING**  
Full control of quality, lead time and innovation.

**TURNKEY PROJECTS**  
From concept to startup, we handle everything.

**BILINGUAL SUPPORT**  
English / Spanish support for seamless communication.

### FROM IDEA TO PRODUCTION

**CONCEPT**  
We listen and understand your needs.

**DESIGN**  
Innovative engineering that brings your idea to life.

**MANUFACTURING**  
Precision machining and fabrication with quality you can trust.

**INTEGRATION**  
Seamless automation and system integration.

**STARTUP**  
On-site support and performance validation.

**ONE SUPPLIER.  
FULL SOLUTION.  
PROVEN RESULTS.**
