

COMPREHENSIVE SOLUTIONS

IN TEXTILES AND SYNTHETICS

// VISION

To position ourselves as a leading and competitive company in the global market, making our universe of textiles and synthetics the best alternative for the consumer.

// MISSION

To manufacture and deliver unique and innovative textiles and synthetics that exceed our customers' expectations.

●● Certifications

At Simil Cuero Plymouth, a Mexican company founded in 1964, we are pleased to offer our specialized transport upholstery, 100% manufactured in Mexico.

At a time when reliability and efficient supply chains are top priorities, we are confident that we are the ideal partner, and are excited to share the benefits of our materials and services with you.

WHY SCP?

The industry needs an **automotive upholstery supplier that guarantees:**

Compliance with **international certifications** to deliver safety, durability, design and comfort.

Experience in the auto and transport industries.

Constant **availability** of materials and **direct interaction** with a national production plant.

Competitive commercial terms.

USMCA certification & **tariff** advantages.
