ABOUT US

We are a 100% Mexican company with over 26 years of experience in the consulting, design, and manufacturing of industrial, institutional, and commercial uniforms. We proudly serve clients both nationally and internationally, with offices in Puebla, Mexico City, Veracruz, Villahermosa, Monterrey, and Querétaro.

THE PILU ADVANTAGE

CUSTOMIZED CONSULTING 01

Our team of advisors is committed to understanding and analyzing your needs in terms of safety, functionality, and corporate identity.

DESIGN 02

Our goal in designing the right uniform for your staff is to ensure comfort and ease of wear, reflect and enhance your company's image, minimize potential hazards in risk areas to provide protection, and foster a strong sense of belonging within your organization.

MANUFACTURING 03

We are leading manufacturers of uniforms, offering customized production starting from as few as 70 pieces per product. With more than 26 years of expertise, our facilities in Puebla, Mexico, span over 2,000 square meters, allowing us to deliver over 200,000 garments per month, complete up to 300 million embroidery stitches, and screen printing capacity: 50,000 pieces per month.

QUALITY ASSURANCE 04

Our commitment to total customer satisfaction drives us to continuously improve our processes and maintain strict quality standards. This dedication has earned us the ISO 9001:2015 certification, ensuring consistency and reliability in every garment we produce.

SAFETY 05

From design to components and manufacturing, every stage of our uniform production is guided by a commitment to safety. Our garments are engineered to minimize risks, protect personnel in hazardous environments, and comply with industry-specific safety standards.

QUALITY POLICY

At Pilu, we are dedicated to meeting our customers' needs in the design, manufacturing, marketing, and timely delivery of industrial and institutional uniforms.

We offer specialized consulting focused on enhancing corporate image, ergonomics, and safety for all personnel.

Supported by trained professionals and a strong commitment to continuous improvement, we strive to consistently exceed expectations and earn the trust of our clients and stakeholders.

PERSONALIZATION IN EVERY PROJECT

At PILU, we showcase your brand's identity through an extensive product catalog and the option of customization according to your needs.
