- Lawn & Garden
- Medical / Healthcare
- Recreational Vehicles

APPLICATION

- Brakes
- Dock Levelers
- Engine Valve Springs
- Fuel System
- Landing Gear
- Press & Die
- Seating
- Vibration Isolation
- Other

Discipline in Everything We Do · Hard Work · Integrity · Operational and Business Excellence · Innovation by All

Engineered Spring Products

Shaped Wire **RINGS**

- Transmission Rings
- Piston Pin Retaining Rings
- Bearing Seal Rings

Heavy Wire, Basic & Technical **COMPRESSION SPRINGS**

- Clutch Springs
- Door Check Springs
- Engine Valve/Transmission Springs
- Die Springs

Heavy Wire, Basic & Technical **EXTENSION SPRINGS**

- Dock Leveler Springs
- Trampoline Springs
- Throttle Body Return Springs

Heavy Wire, Basic & Technical **TORSION SPRINGS**

- Rake Tines
- Auto Interior

Engineered Metal Products

WIRE FORMS

- Torsion Rods for Seating
- Border Wires for Seating
- Control Rods

CLIPS & CLAMPS

- Hose Clamps for Appliances
- Automotive Interior

Powertrain Products Solutions

Products

- Compression Springs
 - Valve body compression springs
 - Torque converter compression springs
- Retaining Rings

Discipline in Everything We Do · Hard Work · Integrity · Operational and Business Excellence · Innovation by All

Seating Products Solutions

Products

- Extension Springs
- Torsion Springs
- Wire Forms
 - Welded or Clipped
 - Plastic Dipped
- Torsion Bars
 - Plastic Over Molding

Discipline in Everything We Do · Hard Work · Integrity · Operational and Business Excellence · Innovation by All

Heavy Equipment Products Solutions

Product Information

- Manufacturing
 - Three Rivers, MI
 - Athens, GA

Manufacturing Capability

- Wire Sizes up to 12.7 mm

Discipline in Everything We Do · Hard Work · Integrity · Operational and Business Excellence · Innovation by All

Appliance Products Solutions
