

OVV

AUTOMOTIVE INTERIORS

QUALITY WITHIN

An automotive interiors manufacturer formed by a team of industry professionals with long-standing careers and ample experience in the interiors segment.

A group of energetic individuals ready to provide **quick solutions to satisfy the most demanding customer needs.**

We strive to create successful partnerships that will position our company as a preferred supplier of the automotive interiors industry.

OUR COMMITMENT

To be the **preferred automotive interiors supplier** in Central Mexico and for the rest of the automotive clusters in Mexico.

Extensive experience, ample resources and the best talent in Mexico ready to support your needs.

STRATEGIC LOCATION

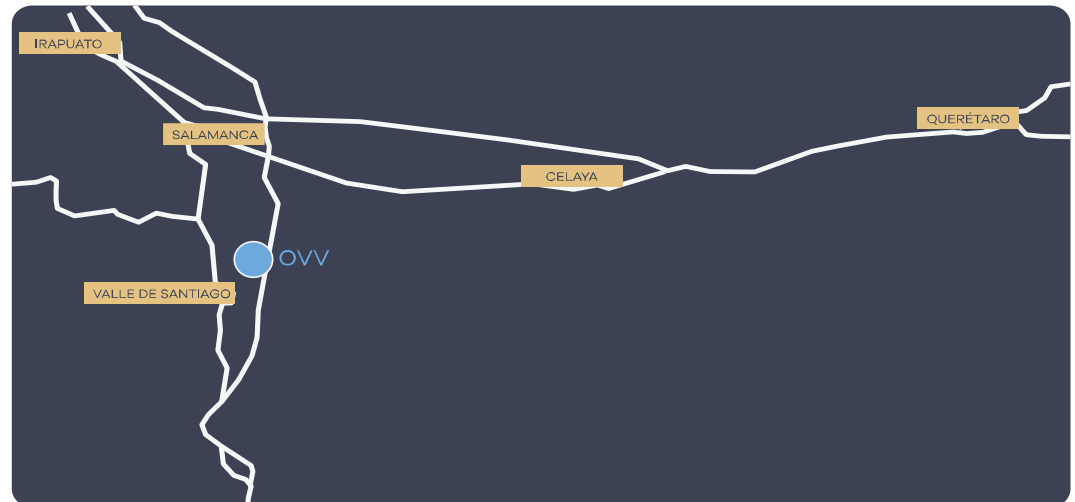

66 km to Silao (41 miles)

19 km to Salamanca (12 miles)

37 km to Celaya (23 miles)

OVV is located **4.1 kilometers (2.5 miles)** south from the intersection of the Leon-Queretaro and Salamanca-Morelia highways.

Being at the heart of the Guanajuato Industrial Corridor, our extraordinary location allows for great freight logistics allowing efficient connectivity to the main automotive clusters in Central Mexico. Our location is also flanked by two large sources of qualified labor.
