

# Redefining ASAP

*When your mission critical shipment needs to reach its destination fast, we do whatever it takes to make it happen. As your partner in emergency logistics, we understand your challenges and work tirelessly to find the perfect solution for every urgent shipment.*

Our 24/7/365 Global Operations Team is Here for You  
+1.800.852.2282 | [cnwglobal.com](http://cnwglobal.com)

They are really 'out of the box'  
thinkers... and doers.

"The CNW Global team came to visit our sites. We discussed some of our challenges, and, immediately, CNW was able to provide action items to remedy some major bottlenecks. They are really 'out of the box' thinkers... and doers"

# Available for you any day, anytime, anywhere!

CNW's 35+ years of experience and our global support team, operating 24/7/365, give you the confidence to trust CNW with all of your expedited shipments. Our customers rely on us to deliver on-time, no matter what, when or where.

## Our Services

### Next Flight Out

Our Next Flight Out solutions give you speed and reliability at a substantial cost savings. Get your shipment on the next flight out – to anywhere, from anywhere, any day of the week.

### On-Board Courier

When the safest, fastest option is professional hand carry, our on-board couriers will accompany your critical shipment to its destination.

### Air Charter

In very special cases, an air charter may be the best option. Our experienced team can charter a private plane to fly your shipment point to point without any interruption or time wasted.

### Helicopter Charter

When you need an immediate solution to get your package to a location that's too close for an airplane but too far for ground travel, helicopter charter is an excellent choice.

# The Leader in Global Courier Services

Whether it's material, parts or finished products, when your shipment needs to be delivered as quickly as possible, you need a partner that you can rely on. CNW does whatever it takes to ensure urgent shipments arrive to their destination as quickly and as safely as possible.
