Who we are

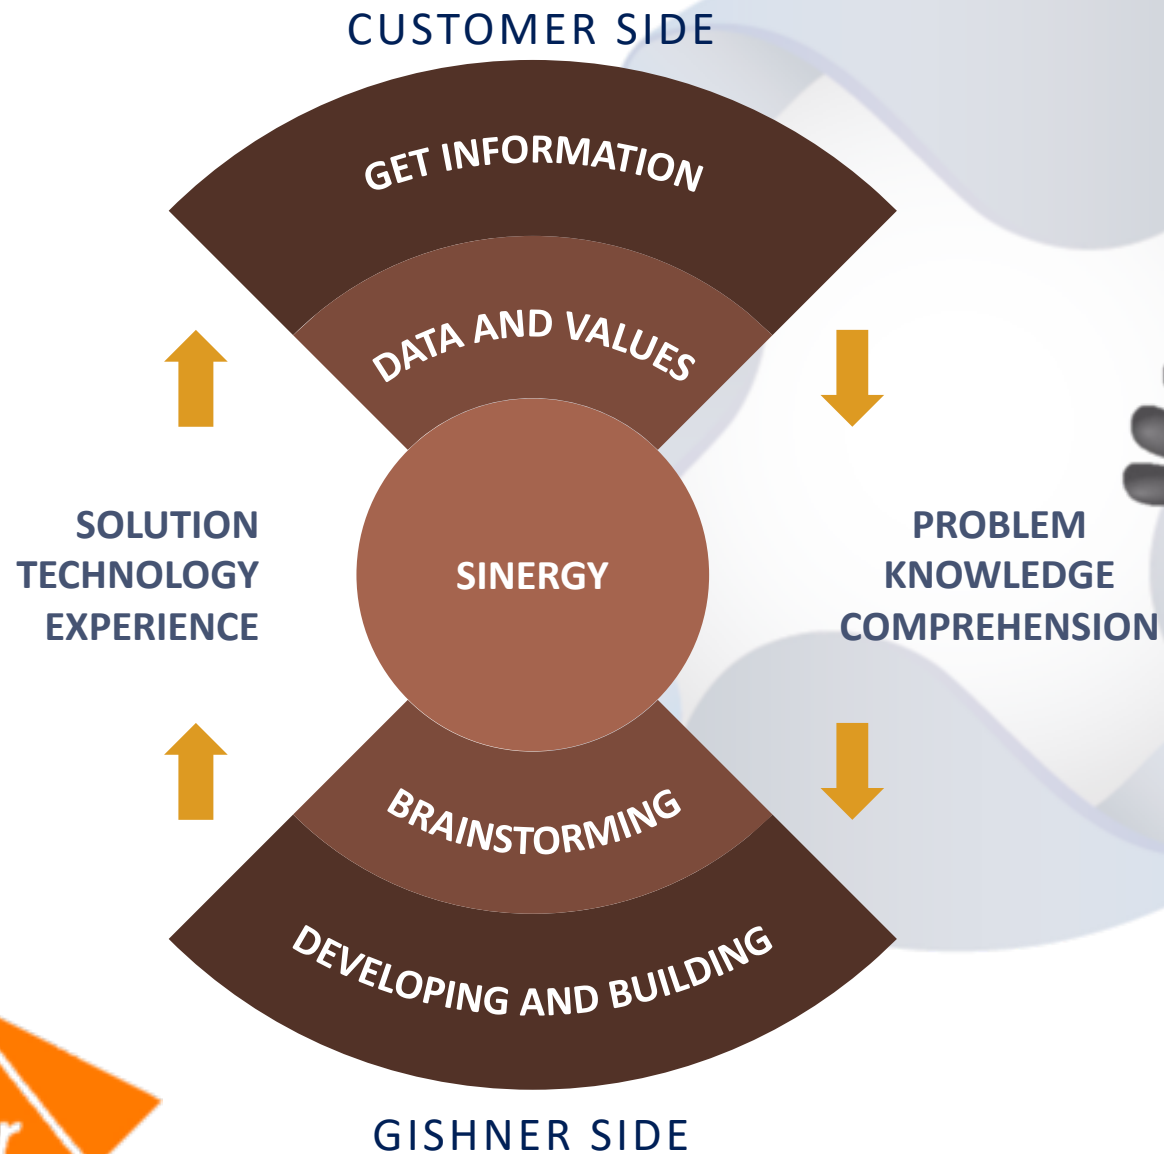

OUR EXPERIENCE

We are a Company with creative base for developing engineering integral solutions in order to optimize production process of our customers. We have experience for more than 14 years in metalmechanic and automation industry.

Our commitment is "walking together" wit our customers from the beginning to the ending of all projects.

PROJECT MANAGEMENT CYCLE

OUR KEYS

LABOR VALUES

1

CREATIVE SOLUTIONS

Methods and alternative solutions for the problems of our clients.

2

ACCOMPANIMENT

Project Management of clear and transparent projects with clients for the security of the progress of their projects.

3

QUALITY

"Premium" products with excellent finish on cutting surfaces, weld seams, surfaces machined and paint adhesion; as well as the integration of special components.

CAPABILITIES

OUR MANUFACTURING AND INTEGRATION AREA

11,000 m2 for all of our
manufacturing process

3,000 m2 space for
integration and
robotics projects.
