- Torque Machine
For open & closing force test on arm rest
- Gloss meter
For gloss test
- Spectrophotometer
For color test

Clerprem Headquarter - Laboratory

Test Equipment

- Salt Spray Chamber
- Burning Test
- Climate Chamber
- Aging Chamber
- Universal Machine
- Friction Fabric Test
- Open & close force measure machine (able to run 10 000 cycles)
- Robot to simulate seating cycles on seats or foams (able to run 10 000 cycles)

Clerprem Headquarter Prototype Room

Equipment

- Design Station
- 4 FDM Printer
- 4 SLA Printer

Why Clerprem Mexico?

"We create added value for our customer manufacturing premium quality products"

CREATIVITY

Brainstorming and soft skills are keys in our creative process for shaping customers' ideas by 3D modeling and co-designing

SIMULATION

In the design phase we carry out FMEA analysis, simulate static, dynamic and crash behaviors preventing product failures

OPERATIONS

Lean manufacturing, Kaizen and 5S are applied throughout our production process for combining productivity with quality

PROCESS CONTROL

We monitor compliance of measured values with set processes and product parameters by SPC, instrument calibration and MSA

QUALITY ASSURANCE

We carry out internal audits and KPI measurements for granting the efficiency and certification of our quality system

CUSTOMER ASSISTANCE

Our Customer Service and our Engineer Team provide assistance in every project phase for meeting clients' expectations
