TESTIMONIALS

“ A reliable supplier

IDK has established itself as one of the main EMS (Electronics Manufacturing Services) services companies, being present in diverse sectors of leading companies present all over the world. They have IPC certified technicians in the main standards of application to electronic manufacturing (IPC-A-610, J-STD-001...) within each of the areas.

With Inventec we have found a reliable supplier, involved in new developments mainly in coating and soldering products. We work in a close relationship and together in a confidence deal from which we all benefit.”

IDK Elektronika, Spain

“ A partner we can rely on

Inventec helped us to develop a washing process and for more than 15 years has been giving us valuable support finding solutions to our problems. Inventec has become over time a partner we can rely on. Its innovation in the development of new products more respectful of the environment comforts us in our choice.”

Piguet frères, Switzerland

“ Complete satisfaction

“Inventec, our supplier for many years, brings us complete satisfaction through the quality of its products and services, and strives to develop a long-lasting partnership/collaboration.”

LINDE, France
