Wood

This image shows a vast industrial facility, likely a wood mill or manufacturing plant. The space is characterized by a high ceiling with a complex network of steel beams and numerous long, rectangular skylights that provide natural illumination. A series of long, white fluorescent light fixtures are suspended from the ceiling. The floor is a smooth, dark grey concrete. In the foreground, there are large, white industrial machines, possibly for processing wood or metal. In the background, there are more machines, stacks of materials, and a few workers visible on different levels of the building. The overall atmosphere is one of a large-scale industrial operation.

Assembly

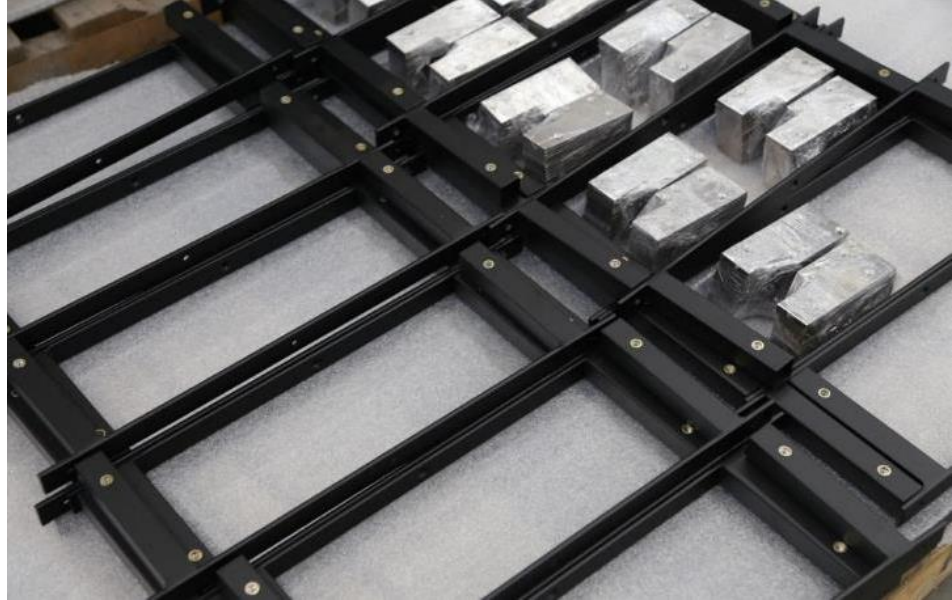

A wide-angle photograph of a large industrial metalworking factory. The space is filled with various machines, including large CNC lathes and mills, and workers are visible operating the equipment. The floor is marked with yellow safety lines. In the foreground, a white pillar holds a sign with safety icons and the text 'Metal-mecánica'. A semi-transparent black box with the word 'Metal' in white is overlaid on the bottom left.

# Why work with us?

some benefits

## **Delivery Time**

1 week  
transportation  
from Mexico to  
USA

## **Development review**

Ease on-site development  
or manufacturing  
review process  
Just a few hours flight

## **Tariffs benefits**

0% tariffs for products  
from Mexico to USA
