

FORMNET
INC.

Corporate Structure

Torcad Ltd.

- Four Automated barrel plating lines
- Zinc, Zinc Nickel
- Other Zinc based coatings
- Phosphate

Tech Coat Inc.

- Techcoat is a new facility established in 2005 for doing organic coatings.
- Geomet, Doerken
- Xylan Fluorocarbon
- Uses new slurry- clean rather than acid bath. Environmentally superior and eliminates possibility of hydrogen embrittlement

Ready Rivet & Fasteners

- Cold Headed product manufacturer located in Kitchener, Ontario
- 2014 Ready Rivet became part of the Court Group
- Approx. 40,000 ft² facility
- Focussed on:
 - Small to mid range special fasteners
 - Complex, tight tolerance near net shapes
 - Stanchions, weld studs, collar studs
 - Ball studs and other unique shape components

Ready Rivet & Fasteners

Capabilities

- Multiple 100% inspection machines including laser & vision technology
- Unique re-headers with inventive process and tooling design for cost effectiveness
- In house tooling capabilities
 - Allows for fast turnarounds on rush orders
- Thread and groove rolling
- Machines range from 1D2B to 2D3B
 - 5-16mm diameter & 6-100 mm length
 - Fingerless transfer for shorter length parts

Heading

**Inspect
& Sort**

**In-house
Tool & Die**

Ready Rivet & Fasteners

Automotive ball studs for all gas strut lift assist applications

Threaded products, indented hex bolts, shoulder screws, etc.

Collar studs, double ended, stand off studs

Long length small diameter pins with threading, grooving, pointing and knurling

Shoulder rivets, stanchion rivets, shoulder semi-tubular, 4 step rivets & short length shoulder rivets

DC Chrome

Located outside of Hamilton ON, in Stoney Creek, and founded in 1980, DC Chrome has been providing its clients with the best hard chrome plating service as possible. DC Chrome uses superior procedures and machinery; meaning, your parts will be stronger and more reliable than ever.

Court Galvanizing

- New facility built in 2000
- Hot dip galvanizing process
- Some of the biggest kettles in North America
- Communication towers
- Highway structures
- Marine applications

- I. Introduction
- II. Formnet Review
- III. History
- IV. Organization
- V. Culture
- VI. People
- VII. Facilities
- VIII. Products

- Cold Headed product manufacturer located in Rexdale (Toronto), Ontario
- Focussed on: Mid-range to Large diameter specialty cold headed products with high degree of complexity
- Structural Components for Chassis & Frames
- Engine & Transmission Components
- Door, Hood, Tail-gate, Tire- retractor, Seating hardware, Braking and other Mechanical Components

History

- Huck International plant established in 1972
- Manufactured special & aeronautical fasteners
- Court Group acquired facilities & people in 1993.
- Invested in new equipment focused on near net-shape specials

Equipment

326 Humber 48,000 S.F.

312 Humber 51,000 S.F.

Certification

Bureau Veritas Certification

Certificate of Approval

Awarded to

Formnet Inc.

326 Humber College Blvd., Toronto, Ontario M9W 5P4 Canada

Extended site(s) : Page 2 to 2

Bureau Veritas Certification certify that the Quality Management System of the above organisation has been audited and found to be in accordance with the requirements of

IATF 16949 - First Edition

and the applicable customer specific requirements

SCOPE

Manufacturing

PERMITTED EXCLUSION(S)

8.3 - Design and development of products and services

PRODUCT(S) DELIVERED

Cold heading and thread rolling

Date Of Certification: 28-June-2021

Date Of Expiration: 27-June-2024

IATF Certificate N°: 407964

Bureau Veritas Certification Certificate N°: US015636- IATF

Revision:1

Quick Facts

- OEM end use Customers are (alphabetically):
 - BMW, Chrysler, (Fisker), Ford, GM, Honda, Jaguar, John Deere, Nissan, Tesla, Toyota and Volkswagen
- Structural Components for Chassis & Frames
- Engine & Transmission Components
- Door, Hood, Tail-gate, Tire- retractor, Seating hardware, Braking and other Mechanical Components
