Keats Advantage

- Family Owned & Operated Since 1958
- 3 Manufacturing Sites in North America
 - Wheeling, IL
 - El Paso, TX
 - El Marques, Queretaro Mexico
- Over 300 Employees
- \$50,000,000+ annual gross sales
- Certified to: ISO 9001 | IATF 16949 | ISO 14001
- Four-Slide, Multi-slide and Progressive Die Capability
- 1 to 200 ton capacity
- Over 175 Production Machines corporate-wide
- In House Engineering, Tooling Design & Tool Construction
- In House Wide EDM
- 3 shifts / 24 Hours
- Small Precision Stamping & 4-Slide Experts

About Us

Keats Manufacturing Co. was founded in 1958 by Bert & Glenn Keats. To this day the Keats companies remain 100% owned and operated by the Keats family. The Keats companies have over 300 employees and generate over \$50,000,000 in combined annual revenue.

Keats operates over 175 state of the art metal stamping and wire forming machines ranging from 1 to 200 tons of die pressure.

Keats has three full-service, state-of-the-art facilities to serve our customers and their needs.

All three Keats locations utilize advanced technology and innovative machinery to successfully serve our customers' custom small metal stamping, wire form and assembly requirements.

KEATS MANUFACTURING:

350 Holbrook Drive
Wheeling, IL 60090

KEATS SOUTHWEST:

11425 Rojas Drive
El Paso, Texas, 79936

KEATS DE MEXICO:

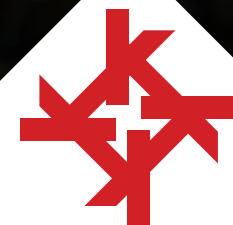

Avenida Brasil No. 17
Parque Industrial TLC
El Marqués, Querétaro, 76248

Four-Slide & Multi-Slide Stamping

Keats is the leader in Four-Slide and Multi-Slide stamping. We operate over 120 slide-based machines, producing the most complex and intricate parts in the industry.

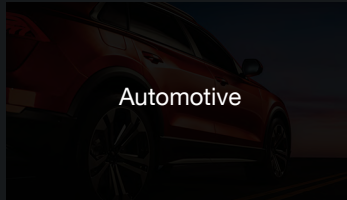

Progressive Die Stamping

Keats operates stamping presses from 1 to 200 tons. We focus on small to medium sized parts with high volume and high complexity.

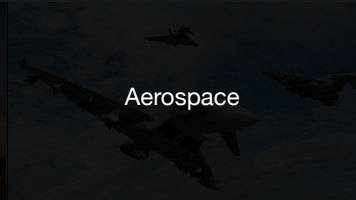

In-House Tool & Die

At Keats, we understand the most important element with any project is the tooling. Whether it be Four Slide or Progressive die, our highly skilled and experienced engineers and tool makers ensure that a project will succeed from day 1. We are 100% design responsible for the tooling used to produce your product and offer a lifetime, zero-cost maintenance guarantee.
