Industries We Serve

- Computing and Electronic Manufacturing
- Automotive and Transportation
- Industrial Automation
- Medical
- Audio/Visual
- Gaming
- Government and Education
- Aerospace and Defense
- Energy
- Consumer Electronics

Our Services

- Component Sourcing
- Cost Reduction Strategies
- End of Life/Last Time Buy
- Inventory Management
- VMI/Hubbing
- Kitting
- In-House Component Testing
- Global Logistics

WHY PARTNER WITH FUSION

Full-Service Sourcing

From providing self-service component buying through our Rocketchips site to acquiring Singapore's largest testing facility, Prosemi, Fusion is always working to make your experience faster, easier and more flexible.

Dedicated Team

Whether responding to quotes or communicating through fulfillment and delivery, we speak your language and work in your time zone, no matter where you are.

Real-Time Market Intelligence

Between our Industry Insider and Greensheet, plus communications from your dedicated account team, market insights come straight to you before they impact your business.

Lead-Time Reduction

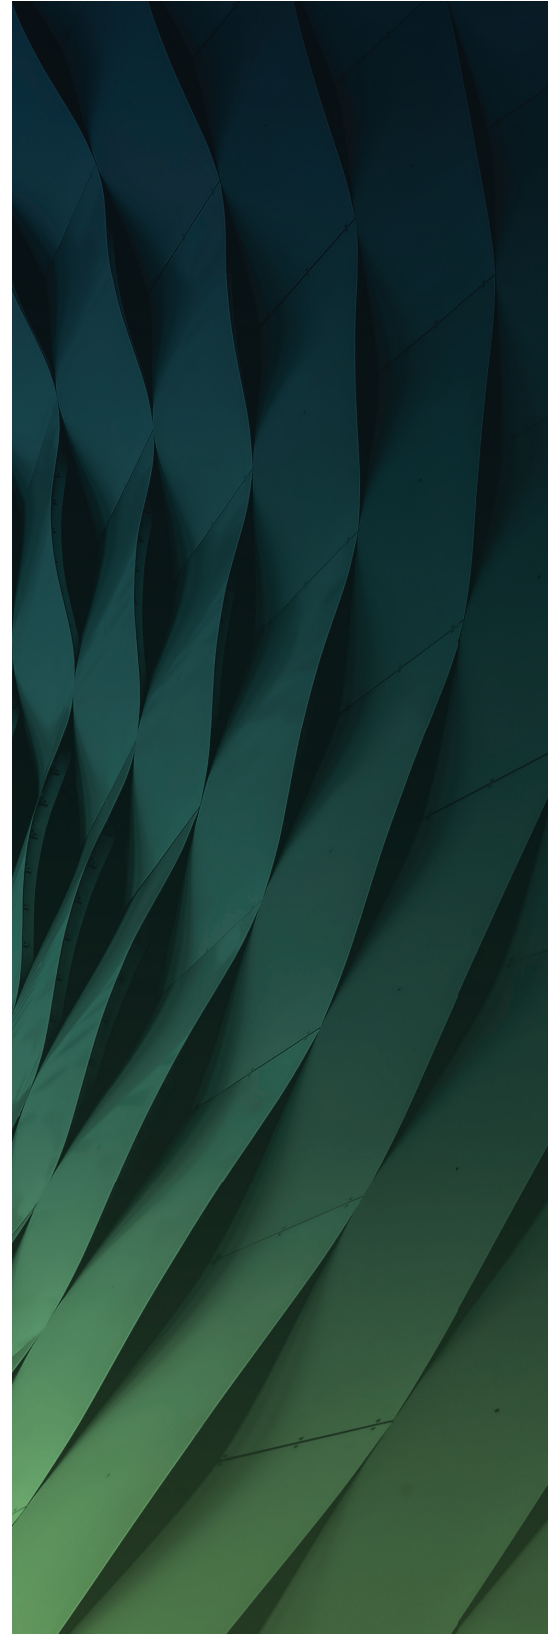

With our four global testing and logistics facilities, we're able to expedite your orders through quality assurance without needing to rely on a third party, making your lead times shorter.

Quality Guarantee

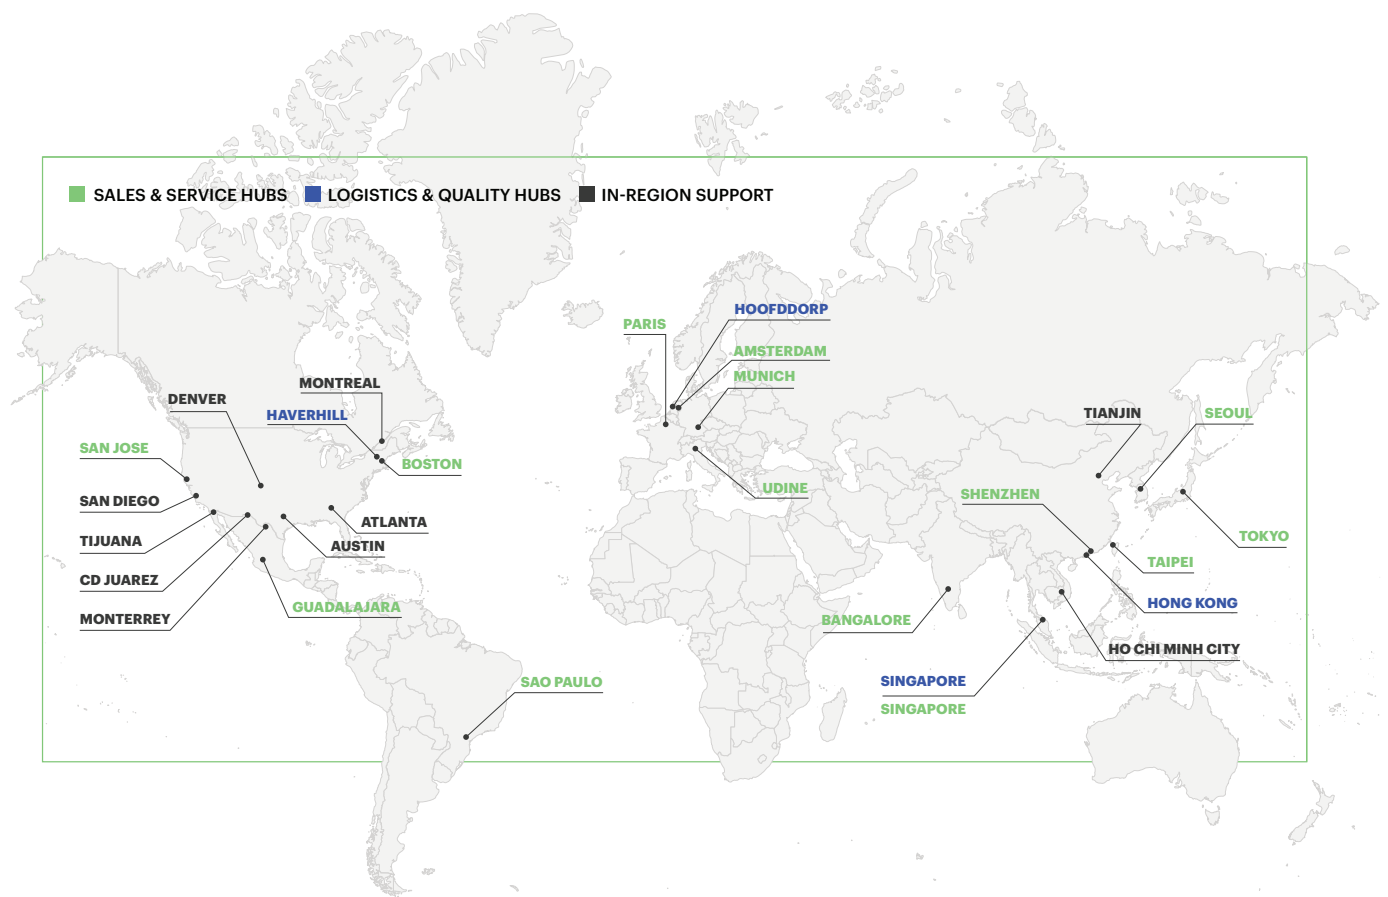

Orders are 100% quality tested before we send them to you. We operate Prosemi, the largest test house in Southeast Asia. We can satisfy even the most stringent quality requirements in-house.

Innovation

Fusion's ongoing investment in its technology infrastructure translates into unique added value for customers. Our proprietary market-trend database helps us identify and report changes quickly. Our new online e-commerce site, Rocketchips, makes browsing, quoting, requesting credit terms, and buying online easy. Bringing Prosemi to the Fusion family makes us the only independent distributor with its own test house. We never stop working to improve your experience.

WE'RE IN YOUR REGION AND WE SPEAK YOUR LANGUAGE

THE FUTURE OF ELECTRONIC COMPONENT SOURCING

A subsidiary of Fusion Worldwide, Rocketchips is the electronic component industry's hands-on, real-time solution for sourcing and purchasing parts online — anytime and anywhere. Rocketchips' e-commerce platform helps fuel customers' businesses by connecting them with the parts they need, fast. Customers can search parts, see transparent pricing from vetted suppliers, manage payment methods and credit limits online, then buy and ship around the world. Rocketchips maintains the highest quality and service standards, from initial request to final delivery. For more information, visit rocketchips.com

PROSEMI

THE MOST TRUSTED PARTNER IN ELECTRONIC TESTING SINCE 1998

Prosemi is the largest testing and assembly house in Singapore, offering a comprehensive suite of electronic component quality testing for the world's largest contract and original equipment manufacturers. A subsidiary of Fusion Worldwide, Prosemi uses cutting-edge technology to provide customizable electronics testing and assembly to the most stringent standards required. Together, Prosemi and Fusion Worldwide deliver an unparalleled level of excellence within open market distribution. For more information, visit prosemi.com.sg
