

What do we do?

✓ Light fabrication

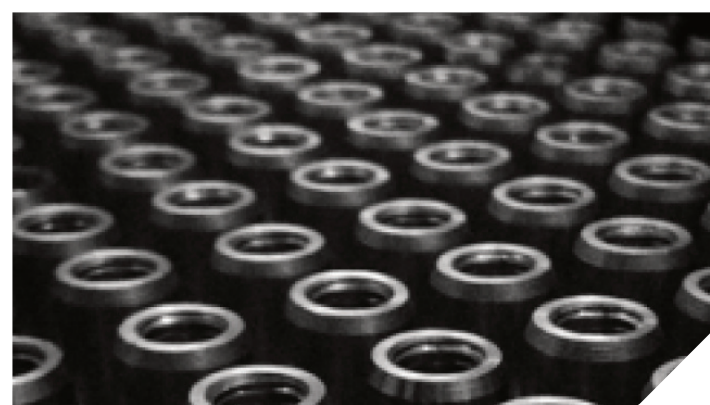

✓ Heavy fabrication

✓ Metal forming

✓ Machining

✓ Supplying raw materials

Prima is for you if..

- ✓ You are looking to nearshore and optimize any or all of your supply chain
- ✓ You are looking to improve the quality of your current manufacturing
- ✓ You are looking for more cost competitive pricing
- ✓ You have difficulties in acquiring critical high-volume parts
- ✓ You want to reduce operational costs by managing just one supplier
- ✓ You have regular incomplete or untimely deliveries

We manufacture customized products, operate complex industrial projects and simplify sourcing from Mexico. Through our technology first model, we manage every step of the process from design, engineering and raw material procurement to factory floor operations, quality control and delivery.
