

ASAP REDEFINED

“They are really ‘out of the box’ thinkers... and doers. The CNW Global team came to visit our sites. We discussed some of our challenges, and immediately CNW was able to provide action items to remedy some major bottlenecks.”

When your expedited shipment needs to reach its destination fast, we use our expertise and in-house technology to make it happen. As your partner in emergency logistics, we understand your challenges and work tirelessly to find the perfect solution for every urgent shipment.

AVAILABLE FOR YOU ANY HOUR, EVERY DAY

Our 36+ years in the business and relationships with airlines, customs officials and local agents give you the confidence to trust CNW with all your expedited shipments. You can count on us to use the latest tech to build the safest, most efficient route every time.

OUR SERVICES

NEXT FLIGHT OUT

Our Next Flight Out solutions give you speed and reliability at a substantial cost saving. Get your time-critical shipment on the next flight out – to anywhere, from anywhere, any day of the week.

HAND CARRY

When the safest, fastest option is a professional hand carry, our on-board couriers will accompany your urgent shipment to its destination to ensure it arrives on time and in pristine condition.

AIR CHARTER

In very special cases, an air charter may be the best option. Our experienced team can charter a private plane to fly your shipment point to point without any interruption or time wasted.

PREMIUM ECONOMY AIRFREIGHT

The perfect solution for those seeking cost-effective and reliable delivery. We survey all airlines to secure empty capacity near your desired ports, ensuring efficient service.

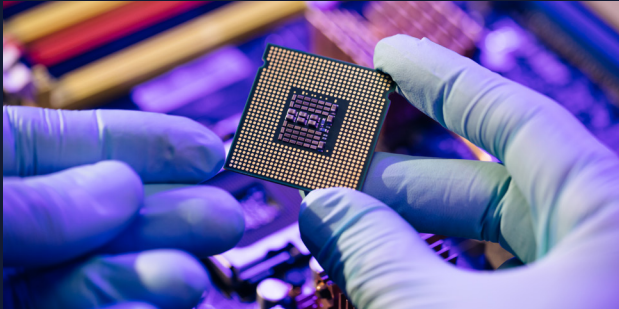

ON DEMAND TRUCKING

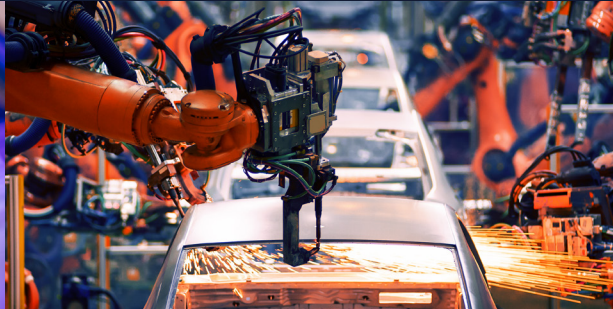

With our team of drivers, we provide a range of vehicles from cargo vans to large trailers, including special equipment like flatbeds. Whether it's cross-border or domestic transfers (US/MX, Intra EU – including Switzerland and UK, China/Hong Kong), we've got you covered.

THE LEADER IN GLOBAL COURIER SERVICES

Whether it's material, parts or finished products, when your mission critical shipment needs to be delivered as quickly as possible, you need a partner that you can rely on. We leverage the latest technologies to deliver on time. While other same-day couriers might have restrictions, it's in our DNA to do anything it takes.
