COST

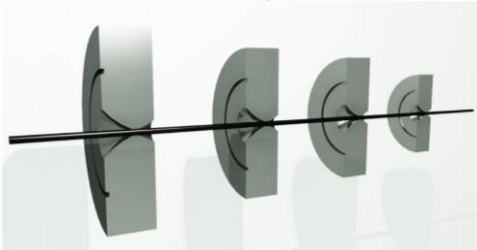

Viakon has certain degree of integration in manufacturing of copper and aluminum rod.

Most pvc and xlpe compounds are made inhouse with own formula .

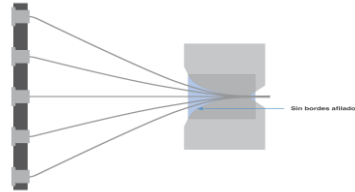

Wood Packaging is manufactured in Multipak plant which is also owned by Viakable.

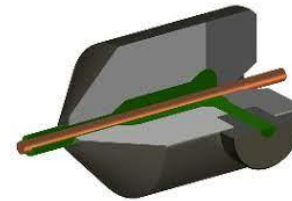

## Drawing

From the 5/16" copper wire rod to obtain until 36 AWG strand

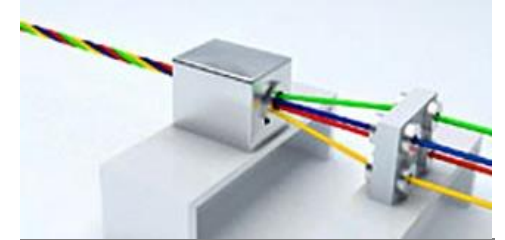

## Wire Bunching

7 strands, 19 strands, stranding type K with 30AWG strands

## Insulation extrusion

Thermoplastic and Thermoset compounds with thickness of 0.007" and thicker

## Cable Twisting

From 2 to 50 elements

## Jacketing

Thermoplastic and Thermoset compounds

## Packaging

Drum, spool, gaylor and roll capacity

## AUTOMOTIVE
