

Laguna Advanced  
Manufacturing

Laguna Advanced  
Manufacturing

# ABOUT US

Laguna Advanced Manufacturing is a group of five companies that offer Advanced Manufacturing Services in steel, stainless steel and aluminum for a wide variety of industries.

Each company in the group has an extensive Build-To Print experience and a solid Know-How on Exporting and Logistics, making us a reliable option for our customers.

# THE COMPANIES

Laguna Advanced  
Manufacturing

# HISTORY

Laguna Advanced Manufacturing was created in 2016 by the CEOs of each company in the group.

The purposes were to:

- **Offer an integral solution of Manufacturing Services.**
  - **Promote our wide Export Experience.**
- **Represent the Manufacturing Industry in our region.**

## LOCATION AND FACILITIES

Our five facilities are strategically located at the north of Mexico in a region called **La Laguna**, formed by the cities of Torreón, Coahuila and Gómez Palacio, Durango. We are 5 hours driving from the main US borders with Mexico.

- Laredo, TX. 345 miles
- McAllen, TX- 365 miles
- Eagle Pass, TX. 375 miles.
- El Paso, TX. 530 miles.

**Facilities' Total Space: 1,730,000 sq.ft.**

**Total Employees: 1140**

# OUR MAIN PROCESSES

Materials: aluminium, stainless steel, carbon steel, galvanized steel, bronze, copper, alloys.

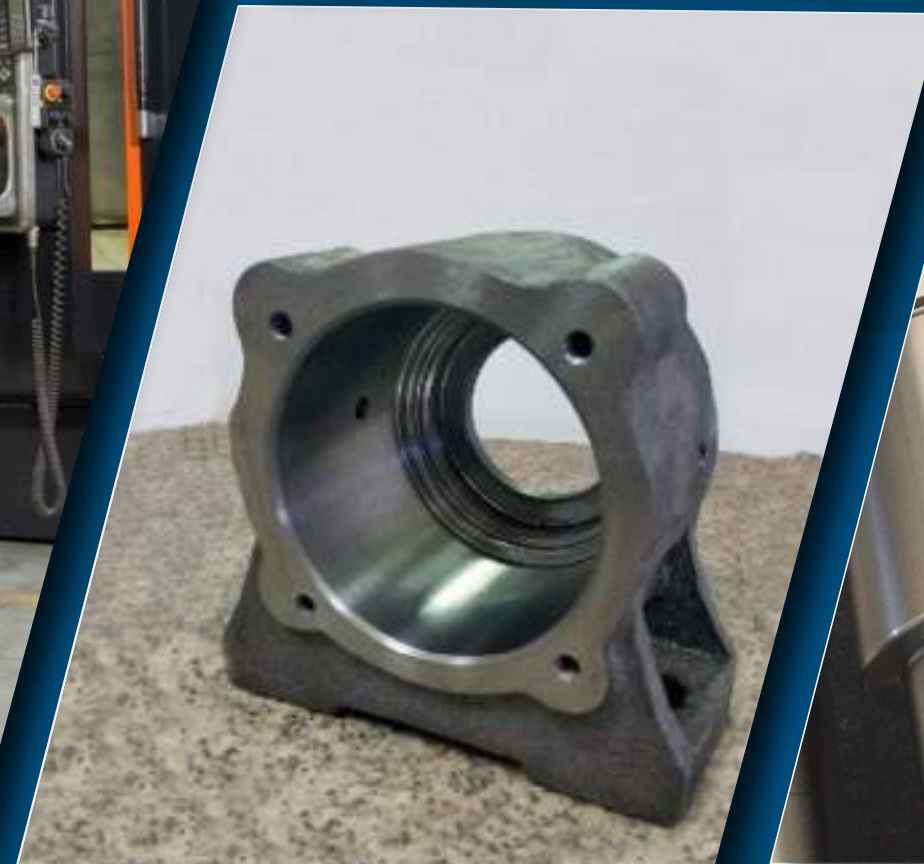

Laguna Advanced  
Manufacturing

## OUR MAIN PROCESSES

# High Precision Machining

- 42 CNC Lathes (2, 3, 4, 5 axes)
- 39 CNC Vertical Machining Centers
- 9 CNC Horizontal Machining Centers
- 1 Double Column Machining Center
- 1 Grinding Machine Between Centers

## OUR MAIN PROCESSES

# Cutting

- 12 Laser Cutting Machines (CO2 and fiber)
- 4 Plasma Cutting Machines
- 3 Oxyfuel Cutting Machines
- 1 Waterjet Cutting Machine
- 3 Punching Machines

## OUR MAIN PROCESSES

# Bending and Rolling

- 17 Press Brakes for Precision Bending
- 9 Sheet Rolling Machines

Laguna Advanced  
Manufacturing

## OUR MAIN PROCESSES

# Welding and Assembling

- MIG, TIG, ARC, STUD and SPOT welding over 300 welding stations.
- 2 Welding Robots
- Weld Inspection and Non Destructive Testing
- Capacity of Mechanical, Electrical and Hydraulic Assembling
- Hydraulic Cylinders Fabrication

Laguna Advanced  
Manufacturing

## OUR MAIN PROCESSES

# Finishing

- Liquid and Powder Painting
- Shotblast
- Sandblast
- Manganese Phosphate Coating
- Metal Pickling

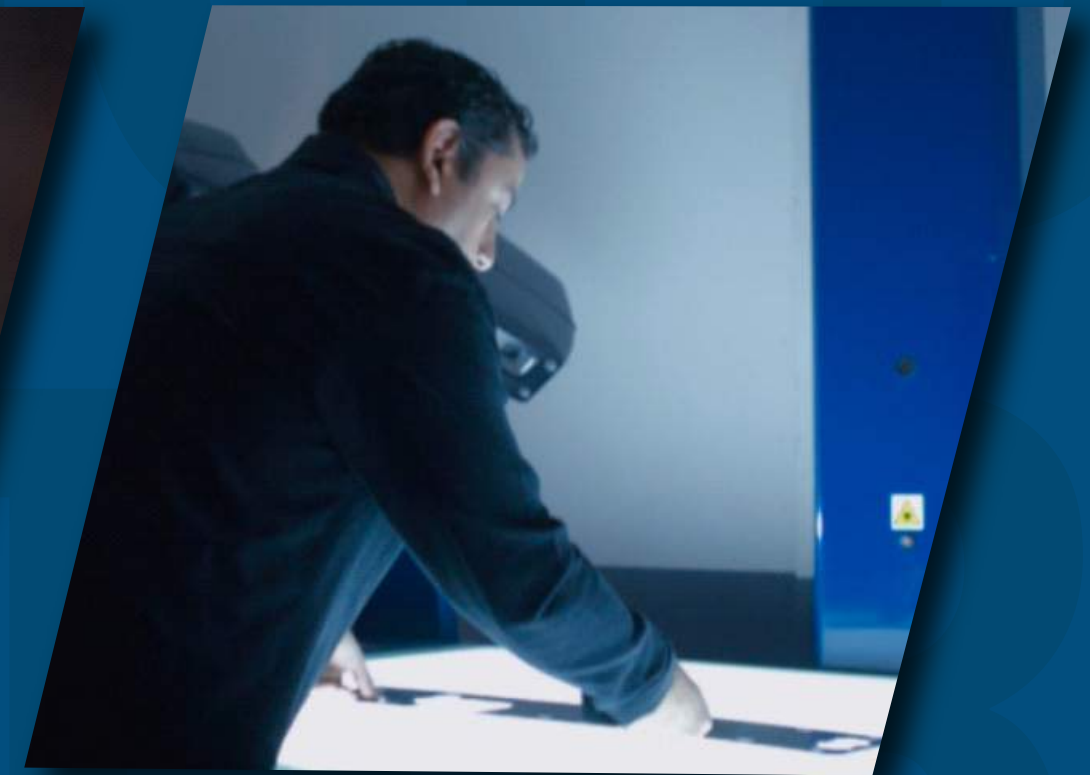

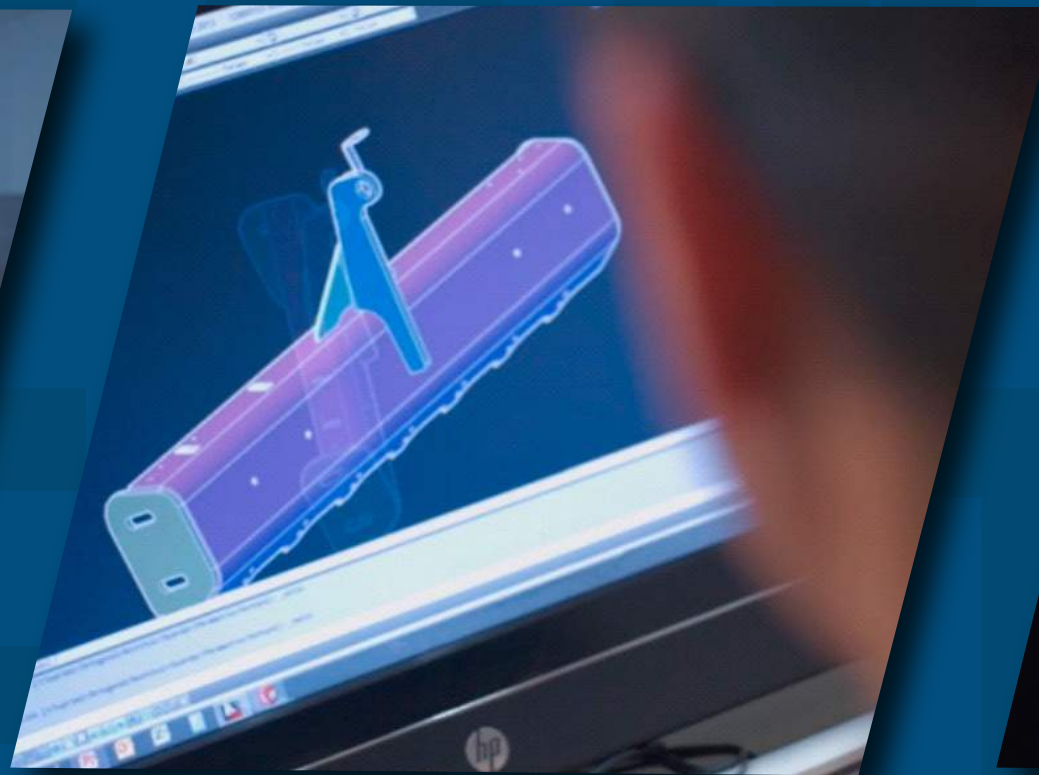

# Certifications & Quality

**AS 9100 | ISO 9001 | ISO 14001 | OSHAS 18001 | ISO/IEC 17025 certified Metrology Laboratory | AWS Certified Welding Processes**

Our top priority is to maintain high levels of Quality, On Time Delivery and Service. We have the best Metrology Equipment in-house and highly developed skills on measuring and calibration.

**CMMs | Portable CMMs | Opti-Scanners | Laser Scanners | Digital Verniers | Height Gauges | Micrometers | Paint Readers  
+ and more**

# Industries We Serve

Aerospace | Agriculture | Electric Motors | Ground Support Equipment | Oil & Gas | Mining & Construction | Energy | Medical Devices + among others

# Our Main Customers

Our first class customers rely on our expertise in logistics and exports, meaning that we can deliver your final product anywhere in the world.

*"At the Heart of What Drives Your World"*
