

The background of the slide is a photograph of an industrial manufacturing environment. On the left, there is a large, complex metal assembly, possibly a mold or a part of a machine, with various bolts and components. In the center, a white industrial machine with a control panel and a screen is visible. To the right, there are several red hoses connected to a metal surface. A prominent red diagonal stripe runs from the top left towards the bottom right, partially obscuring the background image.

ICTPS

JAN 2026

ICTPS

- //** 14 Years Automotive Experience
- //** ISO IATF 16949 and 9001
- //** Machine Size 100 Ton - 700 Ton.
- //** Overmolding, Insertmolding, 2K and Post Injection Sub-Assy...
- //** Export experience to the United States, South America and the European Union.

Certificate

Certificate of Registration

This certifies that the Quality Management System of

CTPS Precision Steel SA de CV

Avenida de la Industria 4 y 4A
Tepetzotlán, Ciudad De México, 54610, Mexico

has been assessed by NSF-ISR and found to be in conformance to the following standard(s):

IATF 16949:2016

Scope of Registration:

Manufacture and assembly of plastic and thermoplastic parts.

Exclusions: Product Design

IATF Certificate Number: 0480758
Certificate Number: C0751725-TS1
Certificate Issue Date: 17-AUG-2023
Registration Date: 11-AUG-2023
Expiration Date *: 10-AUG-2026

A handwritten signature in black ink, appearing to read "Sameer Vachani".

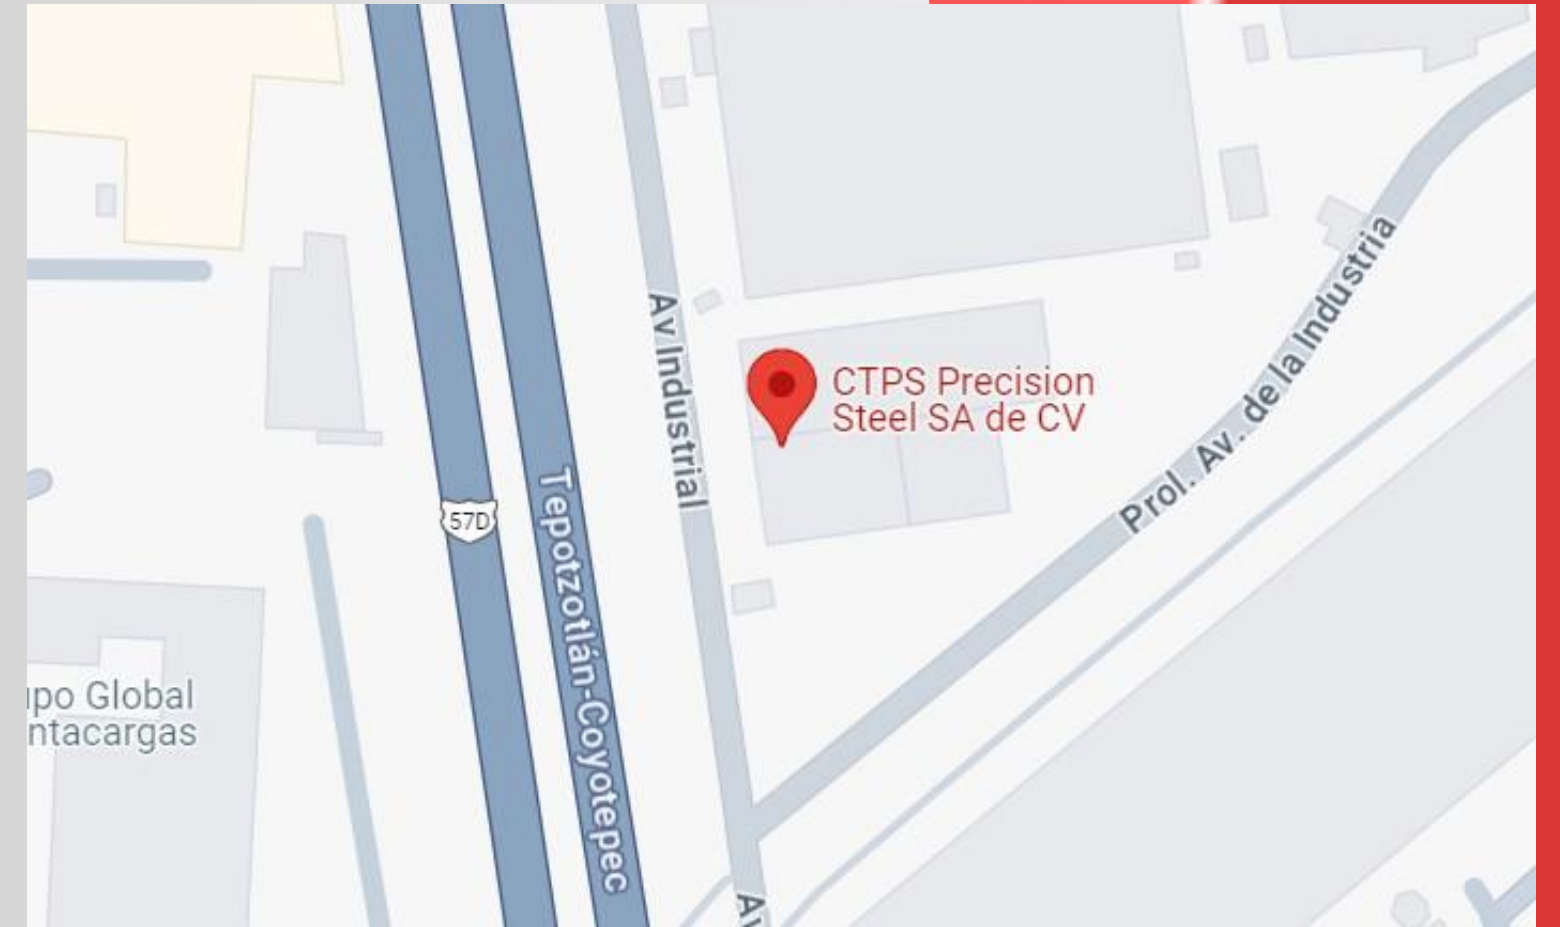

Sameer Vachani
Senior Director, NSF-ISR

NSF International Strategic Registrations

789 North Dixboro Road, Ann Arbor, Michigan 48105 | (888) NSF-9000 | www.nsf-isr.org
