

# TreviPay Knows Trucking

National account programs built to help manufacturers grow aftermarket sales

## About TreviPay

Born in the heartland, TreviPay has been operating national account programs for the trucking and commercial vehicle industry for 40+ years.

Today, we process more than \$8 billion in transactions annually across manufacturers, suppliers, dealers and the fleets they serve.

### TREVIPAY ADVANTAGES

- ✓ **Global:** Our programs span 30+ countries & their currencies
- ✓ **Comprehensive:** Our end-to-end solution encompasses technology, finance & support services
- ✓ **Expert:** Our expertise spans over 14,000 fleets across our national account programs
- ✓ **Extensive:** We serve fleets of all sizes with credit lines ranging from \$1K to \$35M

## Capabilities Built for National Accounts Programs

Technology, finance and managed services to standardize billing, enforce pricing and grow aftermarket sales

### National Account Management

Dedicated credit lines, flexible payment terms and centralized support to win and retain national accounts.

### Guaranteed Payment to Dealers

Dealers receive guaranteed, on-time payments for fleet purchases, eliminating credit risk and collections burden.

### Price Verification

Real-time price verification to enforce negotiated pricing and rebate schedules.

### Consistent Fleet Experience

One centralized billing experience across all dealers: guaranteed pricing, uniform invoicing, centralized support.

### Fleet Purchase Visibility

Full visibility into fleet aftermarket purchases across your entire dealer/distributor network.

### Centralized Invoicing

Fully automated, electronic invoicing, branded portals and ERP/API integrations – reducing errors and manual work.

# The Choice of Top Trucking & Commercial Vehicle Manufacturers

## Serving the Commercial Vehicle Ecosystem

Whether you support fleets with 4 wheels or 18, TreviPay for Trucking is built for the commercial vehicle businesses that keep them moving.

Semi-Trucks  
& Tractor Trailers

Straight  
Trucks

Vocational

Fleet Operations

Material Handling  
& Equipment

Parts &  
Service Providers

Utility &  
Service Fleets

## How TreviPay Works

- 1 TreviPay issues credit account to fleet
- 2 Fleet uses credit account at dealer
- 3 TreviPay consumes transaction data
- 4 TreviPay pays the dealer and invoices the fleet
- 5 Manufacturer has visibility to all program data

## Learn More, Take a Test Drive

We'd love to show you how we help manufacturers grow aftermarket sales and improve the fleet purchasing experience.
